WHAT WORRY DOES.

Dr. Show of Lindon, the disking subbot opionic of vivieccilo, shad that worry is the most frequent cause of cancer. In times past this affliction, which is becoming increasingly because this, in addition to, all, the other lile for which it is held; responsible, it is plain, that the earth has few evils so great by so general; says the New York Herald. Where explaigion and heardity also the earth has few evils so great by so general; says the New York Herald. Where containing the control of the control of the word in a medical process in sanitary science, in sugary and in medical procure and the progress in sanitary science, in sugary and in medical procure in the conditions which undensably increase the sum of worry, in great and the full benefit of the wonderful discoveries of the past century or more, with none of the drawbacks of inscreasing worry, the average of life would be much greater than it is.

The statement of Professor Kenneth G. Smith that for the average man a trade is better than a profession is absolutely true, yet there is not the part of some very average people a disrespect for labor, and a loading for honest grime. A nearously represented class of young men on leaving high school yearn for employment in which they can wear good clothes and not soil their healst responsible they most in the direction of a profession. Often it thoppens that individuals who might have been of use in the world in a mechanical pursuit are failures through life because nambypambytim caused first the order of the clothed Stanford university has decided that no more baseball shall be first that the more in the circuit of the clothed of amole, and the profession of the load of amole, and the profession is absolutely true, yet there is no the part of the forest first and the profe

A New York mother has been been been of \$100,000 by the husband of an actress because her affections were altenated. This should make it possible for the hidy to dispense with the services of her press agent.

It has been decided by a Chicago it has been decided by a chicago judge that a woman is not hound, morally, legally or otherwise, to shave her husband's neck. This should have a tendency to clarify the situa-

DEATH AND LOSS

their relatives will supply them with the means of further schooling they will proceed to be doctors or lawyers, thought without any special calling in the direction of a profession. Often it happens that individuals who might have been of use in the world in a mechanical pursuit are failures through life because nambypambysim caused them to make a wrong start.

President David Starr Jordan of the Leiand Stanford university has decided that no more baseball shall be played by the students at that institution. His decision came as the result of his -hitendance at a game, by the students at that institution. His decision came as the result of his -hitendance at a game, which he says was characterized by "systematic muckerism." That is a phrase which sounds as if it might stick.
