

EXPLORING THE AIR FREE

Six Nations Interested in of Investigations.

Mass of Information Concerning ditions in High Allitudes is ing Obtained—Weather Ba Joons Used for Tests.

Omaha —Six nations are interested in a series of investigations now b-ing carried on in Omaha by the Unite

A Weather Balloon at Omaha.

that a temperature of 94 degrees below zero had been gone through. On this particular date the temperature at Omaha, the starting point of the halloon, was 47 degrees above zero.

Another halloon registered an air current travelling at a rat of more than 100 miles an hour.

The instruments used are so delicate that one of them—that for measuring the humidity—depends for its record upon the distance that a human halr will lengthen on passing through a stratum of air which countins slightly more moisture than dut the stratum immediates of the stratum immediate

Omnha—Six nations are interested in a section of invastigations above the carried on in Omaha by the United States government and collaborated in by the governments of England, Germany, France, Italy and Biglum. These divestigations have for their object their drought exploration of the atmosphere at a height of more than the miles above the earth's surface, and so successfully are they being darried out that a hass of indecimation concerning conditions existing as high as eighteen mikes up in the air has been secured. Scientific exploration concerning conditions existing as high as been secured. Scientific exploration concerning conditions existing as high as been secured. Scientific exploration concerning conditions existing as high as been secured. Scientific exploration concerning conditions existing as the air contribution of the contribution of the

purgatives.

Munyaris Paw Paw Pills are a tonie to the atomach, liver and nerves. They inviporate instead of weaken; they enrich the blood instead of Impoversh it; they enable the stojnach to get all the nourishment from food that is put into it.

These pills contain no calomel, no dope; they are soothing, healing and stimulating. They school the bowels to act without physic.

Regular size bottle, containing 45 pills, 23 cents. Munyon's Laboratory, 53d & Jefferson'Sts., Philadelphia.
