

IGHT I have a word with you, sir, with out the cabin?"
Immediately loaving my associates, I followed the short, muscular, athlete figure of the camp dector out to the caps of the forest. "What's up, Doe?" I asked the content of the caps of the forest. The content of the caps of the forest. The content of the caps of

That lets me out, Doc. I'm off

"That lets me out, Doc. I'm off or my bink."
"No it doesn't", he plased, following my hestant retreat. "What brings me 'ere late at night in a storm is more important to the company and its hundred and sirty-two hands in camp, than to you and me. This pobe and the state of the

and I vibe have no talent for this characterization. The state of the

lifeboat had taken me choard and to a cabin toad of sleepy directors. [Too suddenly perfect up with a chorus of questions concerning "the irresponsible little scamp." Yes, I'ad found him in the laterior of the island. He had fallen in with some Indians, and, well, to be quite frank, he had asked me if them agement and directors missed him, and lift is would convey to them his applogies for feaving camp without the usual polite erchange of a good-bye and so forth.

the usual politic exchange of a good-bye and so force the present of the said.

This twaddle exaperated them as I had intended. Their language of and concerning little Dickson shall have been been used to be fumigated before public use can be made of it.

My violent and obsequence there is a said the said of the sai

espied the bag a villations is deeperd upon me.

"Have a smoke, Capn?" | offered the bandit this hit of eastern baspitality in my most persuasive planistens.

"Capn." I began, leaning over his semil; little black and tan ligure in a confidential, warnhearted [manner, "Capn." I wrote Dr. Bumpse of Juneau a letter at the rails which I had ought not to see him until a let me.

a letter at the raine which I think I ought not to send him until I have seen some one in Scattle. Just let my open that bag a minute and I'll withdraw it before I forget it in the rush at Ketchikan." "Cert." piped the captain, like 'the good, brave soul that he is, 'there's the key." Then looking around flercely at nothing, he half whitepered; "Just turn the key in the wheel-house door. Them gents from Massychewsitt might butt in a fore 'you' done it." So, having "done it" in a lift 't feel

done it."

So, having "done it" in a jiffy, I felt assured that the temporary custody of Dr. Bumpus' letter gave me loogitod in the situation created by my all-too-precipitate friends, the dispectors.

Just before we sailed from Ketchlian I enclosed the Bumpuj letter in one of my own and addressed it back to the commany, manager at the mino.

one of my own and addressed it back to the company's manager at the mine. These letters, therefore, went to the mine on the Mary Ann's return fland were in the manager's hands on the fourth day following bur departure from Ketchikan for Vancouver. This is what I wrote the manager, a man preposterously jeabus of his official prerogative:

official prerogative:

"I beg to enclose the letter you addressed to Dr. Bumpus, pursuant to the direction of your board while I was in direction of your board while I was in the present of the present

are on their way to Vancouver."

"Great little runt, that camp doctor at the inite." I sollloquied, as we innite observed from the steamer and settled his a Pelinam bound for Senting his bat?" came a screeching and derive chorus. "Ho's a little beast, and it—"

"Now] see here, gentlemen, I're determined to raise you to the jotify level of that dittle cut, between here and Seattle, or wreck this train in the Attempt."

tompt:
So I told them of the heroism of
this runt of the wilderness, and heard
ther sayles and saw their lears, their
hedging and saw their lears, their
hedging and saylutning and justifying
and all that men do whose conduct,
should bring regret and remorae.
A month thereafter I received this
assuring report:

assuring report:

"Poar Mr. Bobat"
"I'm well cagnil bit badly pocked. Gur
away from the Cape as soon as I dared
away from the Cape as soon as I dared
away from the Cape as soon as I dared
away from the Cape as soon as I dared

away from the boys went to the mine,
seaked my things aboard the Mary Ann.
and latt my written respects for that
mo when he comes my way. There's a
runor here that he has been-discharged.
"Yes heard something of what you did
from the East. Much obliged, I'm going
to hammer the binacle of the one with
the blue whitskers when he comes to
have him to look forward tot.
"Much obliged for the port wine and
other good things from hell Mine and
other good things from hell Mine and
month. A big bunch of the boys at the
copian Mine want to go with 'me, but I
won't do that want to go with 'me, but I
won't good."

Eleven days later I received the following telegram from the jubilan Dickson:
"Met and mangled the manager to-day, He's in hospital, im it fall; all the boys satisfied.
"Inot."

"DOC."

SEE INTO THE LUNGS

X-RAYS INVALUABLE GHTING TUBERCUL

y This Means Presence of the Dread Disease May Be Ascertained in its Incipiency and its Progress Checked.

Most people nowadays have learned that inaccessful warfare on the "white scourge" — consumption — depends mainly on an early and correct dismonsia. As the lungs are invisible, ordinarily tuberculosis may not manifest the presence with certainty until the disease is too far advanced to be controlled by any means now he was to be consumed to the controlled by any means now he was the controlled by any means now he would be made to the controlled by any means now he would be not the decidence by the trumpats in the X-ray deparatus which make the instrument chaphe of reverling to its operator the very carllest appearation of the certainty of consumption. So becurate have been the results obtained that a careful X-ray examination of the chest is now the routine treatment for all new lung cases, the symptoms of which give the slightest difficulty to the examining physicians in the receiving wards.

The nation takes his place on a threatment for all new lung cases, the symptoms of which give the slightest difficulty to the examining physicians in the receiving wards.

The nation takes his place on a threatment for all new lung cases, the symptoms of which give the slightest difficulty to the examining physicians in the receiving wards.

The nation takes his place on a threatment for all new lung cases, the symptoms of which give the slightest difficulty to be a second to large and the control of the forther to the form is in absolute darkness. Then he waits en mentale until his eyes act used to the Larkness, for experience has tought that after the eyes have become thoroughly accustomed to the furnish to two hundred times.

With a nother touch of the foot the

afity to two hundred times. With another touch of the loot the X-ray current is turned, on and the bones and tissues of the indicate the content of the look of the transfer of the lung, the points must place the transfer of the lung, the points must place the transfer of the lung, the points must place the transfer of all by slowly exhaling his breath. The lung tissues become more pervious to the rays and the whole surface brightens in color.

The fallure of any portion of the lung to brighten of any portion of the lung to brighten with the rest of the lung to surface and the lung to the

woman Suffrage Plea.

"The reministic movement today is the last stage in the struggle upward. Woman proposes no longer to be just the pet, the idol, the slave, the queen; she vills to be the equal of man; she feels in herself that power and she now iclaims her birthright. Cirilization as we know it has meant the moving upward to light of one social stratification: after the other. The French revolution meant the upbeaval of the lowest stratum. Our dwn movement is the final step in the jackleving of complete democracy. Democracy is averas to war. A whole people does inot fiame up in hate against another people. It needs the Incendiarism of the few or the bruth autocracy of me to force a conflict. The Roman republic is not a contact-rary of millions, not force a conflict. The Roman republic is not a contact-rary of millions, not have been a described propose on the conflict of the players of please and the propose of the conflict of the conflict
