Her Offering.
A young lady boarder in a country household immented the absence of letters. Catching little Melba, the pet of the household, up in her arms, she said:

"Precious, nobody loves me; I guess I'll go out in the garden and eat worms."
The next day Miss Alice was interrupted by a low knecking at the door. In answer to her summons, Melba entered grasping a large chip carefully in both hands, the 'child said:

"It was a many letter; here's free big worms. Now you won't have to go out in the garden."

Clean Sanitary Floors.

Varnish, which is commonly regardod only as a beautifier, is an efficient
sanitary agent. Varnished surfaces can
be cleaned by wiping, and the microbeinden dust is thus kept out of the air.
