ON THE ROAD TO GOOD HEALTH, IT'S ALWAYS WISE TO BRING SOMEONE WHO KNOWS THE WAY.

No one is more qualified as a guide to health living than a primary care physician. And by choosing one from The Detroit Medical Center (DMC), you and your family will be assured expert care every step of the way.

To start, our primary care physicians specialize in one of four areas: family medicine, internal medicine, pediatrics or ob/gyn. This allows you to select one who best suits your needs.

And with seven hospitals, 45 outpatient centers and nearly 700 office locations, within minutes from your home or workplace, it's easy to get the care you need.

Finally, and perhaps the greatest advantage of having a primary care physician from the DMC, is the wealth of resources available to you. For instance, anyone in your family can be quickly referred to a specialist if needed. The DMC provides care in 80 medical specialties and sub-specialties. In fact, the DMC is renowned for specialized treatment in many areas including cancer, heart disease and birth defects.

And, thanks to our ongoing partnerships with the Karmanos Cancer Institute and Wayne State University School of Medicine, the DMC's role as a leader continues to grow.

In short, providing your family with some of the most comprehensive health care in the country starts with a primary care physician from the DMC.

Call us at 1-800-666-3466. It's the first step toward good health. And for every step that follows, we'll be there to guide you.
