

Not One Penny More!

At Gorman's it starts with the basics - incredible values on the highest quality merchandise around. "Okay" you say, "what else?"

Try our people...
our Career
Furniture Professionals.

Designers with 10, 15, even 25 years in the home furnishings industry. These aren't people who sold shoes, washing machines or cars two months ago. These are professionals who have sold one thing only - furniture. Some have been with us forever. Others have recently joined us from the finest stores in the midwest. But no matter where they were selling, the what they were selling was always the same. Now Gorman's has put them all together to give you the most experienced and talented Career Furniture Professionals/Interior Designers in the midwest.

And now you ask,
"Exactly how does that
benefit me?"

Consider these
very real benefits:

NOT ONE PENNY MORE!

That's how much you'll spend to work with the best in the business. The expertise and experience that benefit you as a Gorman's customer usually comes with a price tag at other stores. Not here!

YOU'LL SAVE MONEY.

We know all the in's and out's of the industry...the how to do it, the where to go for the best prices, and the what to do to make your money go further.

YOU'LL SAVE TIME.

Think of us as your home's "personal shopper". We minimize the time you spend shopping whether you're looking for a lamp, a whole new room, or just ideas.

WE SOLVE PROBLEMS.

You just thought we sold furniture didn't you? Our real specialty is creating solutions for your problem or dilemma then working with you to avoid any problems in the future.

WE TAKE THE RISK OUT.

Buying furniture can be pretty scary stuff. We make it a comfortable process (dare we even say "fun") by coordinating what you have with what you want to avoid surprises when it all gets put together.
