"It was a hard-fought battle between two disciplined tenns," Sievenson couch hike Harris said. It was a great game, and our guys never quit. We look forward to seeing them again at "Bratcher was outstanding," CC coach Gardie St. John said. The second goal of his was a major-league shot. He smacked that puck and it was in the net. You don't see them any better than that. He tends to be an officer size player, but he played better in the defensive zone tonight, and that will continues to do that. Defensively, we were ineffective. We gave up three clear breaknways and you just can't do that."

We have a lot of guys going both ways, and they wore us down." They had a few more wapons (than most teams), because all three backs are very good. Truthfully, (the no-huddle offense) had no effect on the game. They might have got a few more plays in, but their back bethered us more than that." Lapeer Weat had a great passing attack to the wide receiver," he said, referring to Grandville's 20-14 win over the defending state champion in the semifinals. This week was similar except the primary receivers were backs out of the backfield. They put that No. 9 (Starsfield) anywhere. They did a great job running us off deep and bringing somebody underneath.
