Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional treatment. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running nose, or the perfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and the tube restored to its normal condition, hearing will be destroyed forever. It is not out of the way as caused by Catarrh, which is treated out of the ear, but it is the mucous membrane, and will give the most distressing and painful ear of Deafness caused by Catarrh that cannot be cured by HAYS CATARRH CURE.

Watch Your Kidneys

Their action controls your health. Read what Foley Kidney Pills have done for your neighbor. Clyde H. Fuller, 406 River St., Cadillac, Mich., says: "For the past two years I have been suffering with severe backaches and dizzy headaches, so that at times my eyes were blurred. The kidney action was painful and troublesome and hearing of Foley Kidney Pills I decided to try them. After using them for a short time, I was entirely cured of the backaches; my kidney action became normal and regular. Foley Kidney Pills cured me and I highly recommend them to anyone suffering in a like manner." Sold by T. H. McGee.
