THE BEGINNING OF A NEW YEAR

Although very often it seems that within one or two days into the New Year most of our New Year's resolutions have already been broken or forgotten, that's okay. Just because a baseball player strikes out at bat, it doesn't mean he quits trying; next time he may hit a home run. The definition of "resolution" is determination, or a firm decision to do something. Any self-improvement resolution we have made is probably well worth the effort to start over in order to achieve success. Usually, negative habits have been acquired over many years and we should expect that it will probably take time to replace these negative habits with positive ones. One method that should help us with our resolutions is prayer. If we really want to improve ourselves, we can always bring our needs to our Father in Heaven. God wants to be involved in every aspect of our lives and He is always willing to help. He wants us to be the best that we can, and the positive act of praying is a great way to improve ourselves. Keeping New Year's resolutions is not easy, but God can help.
Every noble work is at first impossible. — Thomas Carlyle
Our help comes from the Lord, who made heaven and earth. — Good News Bible Psalm 124:8
