UNDERSTANDING EVERYTHING ISN'T NECESSARY

There are so many things all around us that we may not understand. For example, it may be difficult to understand how radio waves or television pictures can go through the air, or how we can be anywhere in the world and withdraw money from our local bank account. We may not understand how everything works, we just know that it does. We don't usually ponder or worry about how various things happen, we just expect that whenever we turn on our television or use our bank cards, they will work. There may be many things about our religious beliefs or the Bible that we do not understand. We just know that the Bible is God's word, and we believe that God is faithful to His word. Trusting in God develops faith, and faith brings love. God is love, and through love we may not understand everything around us, our Heavenly Father has everything under control.

To be conscious that you are ignorant is a great step to knowledge. — Benjamin Disraeli

To be wise you must first have reverence for the Lord. If you know the Holy One, you have understanding. — Good News Bible Proverbs 9:10
