

Informal family's floorplan

The Susanville is a mid-size contemporary home designed for families who prefer comfortable, informal living spaces. It has no living room, but the bayed front-facing room can be outfitted as a dining room. Or it could just as easily be a den.

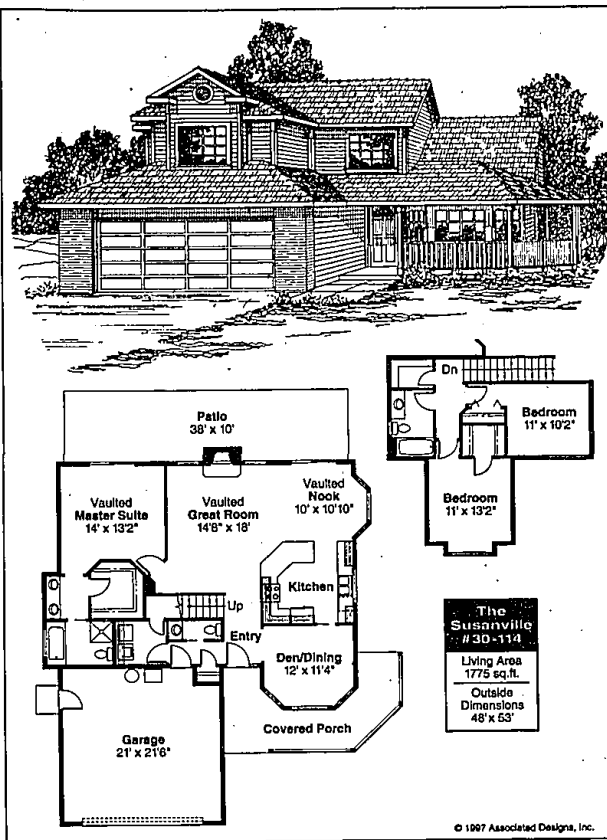

Great room, nook and kitchen flow together. All are large, and all but the kitchen have lofty vaulted ceilings that make these areas seem even more spacious. Windows line most of the rear wall. The space filled by the fireplace is, in fact, the widest unglazed expanse. Sliders in the nook open onto a patio that spans the entire rear of the home and is also accessible from the master suite.

Expanded by a windowed alcove, the nook is exceptionally bright. Kitchen amenities include an angled eating bar, efficient design, plenty of counter space, and built-in appliances.

Enter through the garage, and you can step right into a tiny bathroom or the laundry room without tracking mud elsewhere in the house. The bathroom is equally close to the front door, and handy to the kitchen as well.

The vaulted master suite is the only bedroom on the ground floor. It has a large walk-in closet, double vanity, and separately enclosed tub, toilet and shower.

For a review plan, including scaled floor plans, elevations, section and artist's conception, send \$15 to Associated Designs, 1100 Jacobs Dr., Eugene, Ore. 97402. Please specify the Susanville 30-114 and include a return address when ordering.

Kit lets you grow tomatoes indoors

(NAFS) - A tomato plant can provide you with two kinds of pleasure.

First, you can have the fun found in growing things yourself.

Second, you can enjoy the fruits of your labor as you pick, eat, preserve and give away the terrific tomatoes you've grown.

There are also two ways you can go about growing tomatoes. One is with a new Hanging Tomato Garden which grows rapidly in a hanging pot or basket, indoors or out. It produces bright, delicious cherry tomatoes in about 60 days.

If you want to start early, consider the Big Red Tomato Starter Kit. It consists of a plastic tomato divided into two growing containers.

You just add the growing mix and the special Miracle Sweet hybrid seeds. In about four weeks, you plant them in your garden. The six plants can produce up to 100 pounds of eight ounce tomatoes, which are the best tasting ever. They are available at Kmart, Walgreens and Osco.

Free kid's greenhouse

Get your kids interested in gardening. Send for a free Greenhouse that includes planting instructions, growing mix and more than 60 herb seeds. Send \$2 for shipping and handling to Greenhouse, Dept. NP, P.O. Box 3499, San Rafael, CA 94912-3499.
