

It won't be long now.

Can you believe it! The trees are beginning to turn and there's already a nip in the air. Where did summer go?

Actually, the summer of '97 slipped by with lightning speed and the holidays will be here before we know it!

In fact, the folks at your hometown newspaper are already planning their annual holiday gift guides. There'll be two big ones again this year scheduled to arrive in time to solve all your gift giving challenges.

Look for them on Thursday November 27 and Thursday, December 11—they'll be filled with exciting gifts and colorful stories about the holidays.
