

# Take your message to masses on cable

MARY LINDA CALDERONE

Your promotional brochure is in the mail. Ads are running in the local newspapers. A telemarketing campaign has begun. Obviously, you're on your way to promoting this special event. But you may have overlooked the best way of all to publicize what's happening in your non-profit organization - and it's free to boot!

Round up some members of your club and come on down to INFO TV-12 to take a television production workshop. In no time at all, you'll learn the ins and outs of TV production and be on your way to producing non-profit, non-commercial programming that you will get your message out to those who reside in your community.

Besides producing original programming, perhaps you have some professionally produced videos from your organization's main headquarters. We hope they're not just sitting on a shelf collecting dust. Wouldn't you like to see them played on your community TV channel, INFO TV-12? Just call us at (248) 473-

7266, extension 13 for further information.

You won't want to miss out on utilizing Channel 3 either. That's our Community Bulletin Board, Channel 3, which is character-generated, has the ability to import graphics and pictures and even custom create drawings. Your written message will look slicker than ever. Check our meetings, free seminars and reunions are all examples of announcements that may go on the channel. Fund-raisers such as rummage sales and Bingo where money goes directly to the non-profit organization may also be publicized.

In fact, even if you are a business owner and sponsor an event for charity, we'll announce it on the Channel 3. Just send your announcement to SWOCC, 4024 Research Drive, Farmington Hills 48336.

Hopa I've piqued your interest here. The only requirement to taking advantage of these great offers is that your non-profit organization be located in Farmington, Farming Hills or Novi. The visual medium of TV can fit into your publicity plans. We look forward to seeing you on TV!

Mary Linda Calderone is the Community Outreach Coordinator for the Southwestern Oakland Cable Commission.

## Taxpayer's guides available from state

Residents of the 37th District can learn about the latest tax information by picking up a free copy of the 1997 Michigan Taxpayer's Guide, offered by state Rep. Andrew Raczkowski.

"Instead of being lost in a sea of tax-time legalese, the guide's easy-to-read format makes it simple to learn about preparing taxes," said Raczkowski, R-Farmington Hills. "Senior citizens and families also can save money with details on current tax exemptions."

The booklet outlines many Michigan laws on property taxes, homestead property tax credits, farmland and open space tax relief, the Single Business Tax and other related subjects. Also included are sample tax forms and a list of phone num-

bers for assistance. For the 1997 tax year, the personal exemption is raised to \$2,500; pension and annuity income deduction are larger; interest and dividend income deduction for senior citizens increases; and tuition tax credits are offered.

Raczkowski has provided free copies to: Farmington Community Library, 32737 W. 12 Mile, Farmington Hills; and Farmington Community Library, 23560 Liberty, Farmington. Guides will also be sent to those who write to Raczkowski at the State Capital, P.O. Box 30014, Lansing 48909 or calling his office at 1-800-864-2108.
