Quality training

The Farmington/Farmington Hills Chamber of Commerce is sponsoring a 10-month, 5-module program targeted at specific phases of the ISO/9000 development programs that are now considered standard in the automotive industry as well as many others.

This opportunity to bring a company into compliance with

those expected standards is non-intrusive to everyday operations.

The first session will be March 5-6 at the Sterling Heights Inn, 16 Mile & Van Dyke in Sterling Heights. This program is available to any company that is a member of a Chamber affiliated with the Southeast Michigan Chamber Alliance for the discounted price of \$6,760 for two employees. Non-member cost for two is \$7,250. Space is very limited. For more information or registration, call Mario Eposito at the Farmington/Farmington Hills Chamber of Commerce at 474-3440, Ext. 22.

Local AT&T Wireless Services shared national recognition for its corporate community service program from The Points of Light Foundation based in Washington D.C.

...if his clamorous audience is the Nazi regime?
