# Mother's Special Love

A mother's love and devotion to her child is a Gool-given glif that it special and unique. When young children fall or get lbur, or when they recite their nightly prayers, or when they just need a hug, it seems that Mother is always there. A mother's note of teaching a child right from wrong, and how to be a good citizen, are valuable lessons that are carried throughout life. No matter how old we get, our mother will always hold a special place in our hearts.

When Chilst was sconged and crucified, Illic mother Mary was at His side. Mary So tow and devotion to our Lord to a good example of Mothenhood. When Jesus was suffering on the cross. He instructed His disciple, John, to take care of His mother, which demonstrated His deep love and concern for her. By this our Lurd has set an example of how we should love and care for our mothers.

Now there stood by the cross of fesus bis mother, and bis mother's sister, Mary the wife of Cleophas, and Mary Magdalene.. K.J.V. John 19:25
