

# Rocks run away with conference title

Isn't this the time of year teams are supposed to be peaking? And doesn't that mean a team should have its best lineup determined and ready to go? The shuffling should be done and everybody should know what they'll be doing, right?

Which makes Plymouth Salem's rather methodical victory in the Western Lakes Activities Association boys track and field championships Tuesday a bit startling, particularly in light of something coach Geoff Baker said afterward:

"At state meet, we'll do things a bit differently."

Only a misanthrope — Baker put together a pretty strong lineup for the W.L.A.A. meet. How else could Salem win by more than 50 points over runner-up Walled Lake Central?

But Baker's statement indicates that, as well as the Rocks

had done in the previous five days, winning both the Class A regional at Redford Union last Friday and the W.L.A.A. meet, and both by rather comfortable margins, he believes they are capable of still greater things.

"We're loaded," Baker said, "and we're running real well."

The Rocks, winners of their fourth W.L.A.A. title (in three years), won one of the first 12 events — then won four of the last five.

Plymouth Canton had a hold of second place through 14 events before being overtaken by Central.

Central produced one of two double individual winners. Kevin Keil won the discus and shot put, and Churchill's Ryan Kearney was first in the 110- and 300-meter hurdles.

Also, three W.L.A.A. meet records were broken, two in

relays. Northville's Tony Clemons busted his own mark, set last year, in the 200 by winning in 22.2, and he anchored the 400 relay team that won in a record-breaking 43 seconds. Farmington Harrison set the old record of 43.73 in 1992.

The third record went to Salem's 3,000 relay team in 7:59. The old record was 8:04.2, set by Farmington in 1988.

Two of the more dramatic finishes came in the discus and in the meet's final event, the 1,600 relay. Moments before his final throw, Keil admitted he would really like to set both a school and meet record, which seemed close to impossible, considering a hard wind blowing into the faces of the throwers. Keil's best toss to that point had been 162; the legue record was 167.1.

It's things on the second-to-last throw of the meet, North's

Kirk Moundros uncorked a toss of 165.2, putting him in first place with one thrower left. Keil, The Canton captain, was not to be denied, however; on his last attempt, he hit for 166.8.

In the 1,600 relay, the Rocks were aiming for a second meet record but, like Keil, found themselves scrambling to get a win when they hobbled the exchange between their second and third runners.

When Salem's anchorman, Ian Seary, got the baton he was still in third place, 10 meters behind. He struck out, but both Western's and Central's runners with a 49.5 split to win by a half second.

The state finals will be May 30 at Bay City Western, and Baker is convinced it could be another big day for the Rocks.

"It's going to be interesting, we think we can win," he said.
