

All-Observerland from page D1

FIELD EVENTS

Kirk Moundros, N. Farmington (shot put): As a sophomore, Moundros showed promise in the shot put with a throw of 42 feet.

He fulfilled that potential this season by improving nearly 10 feet and becoming one of the area's best shot putters. His top toss of 51-6 occurred in the Observersland Relay.

"He catapulted us (to first place in that event) and was a prime factor in us taking third overall at the relays," North coach Todd Schultz said.

Moundros was second at the regional in the shot put and second in the WJAA in the shot put and discus (155-2). He finished first in both throwing events at the Farmington city meet.

"Mike did a tremendous job," Schultz said. "He worked hard in the offseason and extremely hard during practice. He has great athletic skills, and his drive will make him successful in anything he does."

Moundros (6-2, 205) was a tailback in football and will try to earn a spot on the University of Michigan team this fall as a preferred walk-on.

Kevin Kell, Plymouth Canton (discus): There was little question when he bested the thrower in the area was this season. He was at Plymouth Canton.

Keil had an incredible year with the area's best throw in the discus at 403-2, and he also set the Canton school record in the shot put with an Observersland top toss of 53-2.

In his record-setting senior season, Keil won the WJAA title in the discus (155-9) and shot put (52-9). He also won both events at the regional and finished sixth in discus at the Class A championships with a distance of 154-4.

"Kevin dedicated himself for his last year to become a champion in the discus and shot put," Canton coach Bob Richardson said. "His determination and hard work helped him return to the state meet again in 1998."

Kell will be a member of the indoor and outdoor track teams at Central Michigan University.

Tim Moore, John Glenn (long jump): With David Jarrett graduated, Tim Moore took it upon himself to make sure the league's long jump title remained at Glenn.

Moore took the WJAA title with a leap of 21-7, which was a half foot better than his best jump of 1997.

"Tim was a technically perfect jumper," Glenn coach Jess Shough said. "He was an outstanding, versatile athlete and will definitely be missed."

Moore was also a state qualifier in the high jump, an event in which he won the WJAA title as a junior. He was named Glenn's most valuable athlete this year.

John Lowry, Farmington (high jump): The high jump was one of the area's most competitive events this season, but Lowry stood out in the end.

After finishing second in the WJAA, Lowry leaped 5-5 to take third place in the Class A meet and became an all-stater.

He also finished second in the regional (5-2), the Ann Arbor Huron (5-4) and Ann Arbor Flower/Institutions (6-3), as well as winning the Farmington city meet (5-5).

"John is a great technician and a great student of the high jump," Farmington coach Chip Briggs said. "He battled injuries in all four of his years but always competed well in the big meets. He finished high school in deserving fashion."

Derek Laskowski, Harrison (pole vault): With Paul Terek moving on to Michigan State University, Laskowski stepped up to become the area's top pole vaulter.

In only his second season, Laskowski set the Harrison school record with a vault of 14 feet — the best performance in the area this season. He won the WJAA, regional and Oakland County championships.

Laskowski advanced to the state meet where he finished sixth — tops among sophomores.

"He's an outstanding person and a joy to have on the team," Harrison coach John Reed said. "He works harder than anyone, and that's why he is the best. Potentially, he could be one of the best high school vaulters around in a few years."

Sharp's best time was an impressive 14.4 despite being only a second-year hurdler. As a junior, he was a state semifinalist; he was a regional champion the last two years. Sharp also was part of Harrison's all-conference 400 relay team.

"He's a very talented athlete who gets a lot out of his ability," Reed said. Sharp will play football at Michigan Tech University, but the school doesn't have a track program.

Ryan Kearney, Churchill (300 hurdles): Kearney went virtual every hurdle race he competed in this season with the exception of the state final. But he was darn close in that one, too, and will be one of the early favorites next season when he returns as one of the state's most talented hurdlers.

Kearney took second in the 300 hurdles and fourth in the 110 hurdles at the state meet. His times of 38.0 in the 300s and 14.1 in the 110s were the best in the area.

He will also try to duplicate an incredible feat next season — going undefeated in dual-meet competition in both hurdle events, as well as the 100, 200 (22.2) and 400 (51.7) dashes.

Among his other accomplishments were: Winning the league and regional titles in the 110 and 300 hurdles and taking first place in 110s at the Observersland, Belleville and River Rat relays.

"Ryan is an outstanding person," Churchill coach Rick Austin said. "He has a calm, competitive attitude about everything he does. He ran for the team the entire season, running any event the coaching staff asked him to run. He loves to compete."

"He's also an outstanding role model who has his sights on bigger and better goals next season."

Harden James, John Glenn (300): James finished his career as possibly the best sprinter in the history of the WJAA.

James leaves with the league record in the 100-meter dash (10.9) and the Glenn school record (10.7). And he accomplished this even though he was hobbled by injuries for most of the season.

"He worked real hard to recover," Shough said. "It was unfortunate he could not compete all season to repeat as league champion."

Keith Battie, Harrison (200): Battie capped a sensational career by competing in the state meet for the third straight season. He also leaves with a school record time of 22.2 in the 200 dash.
