Young Bobbie Ann never saw the buildings. A bus strike thwarted the family's plans to visit downtown landmarks, and she spent most of her visit at her aunt's suburban tract house in Wayne. Nevertheless, the experishe spent most of her visit at her aunt's suburban tract house in Wayne. Nevertheless, the experience seemed to whet her appetite for a world beyond her rural beginnings, and she never forgot her stay here, often wanting to go to Detroit, where there were concrete sidewalks and tall buildings and traffic ... an intriguing place, with Yankeas, who spoke another language.

After graduation from the University of Kentucky, Mason (despite her family's trepidation) heeded an English professor's advice and set out not for Detroit, but for New York.

"My folks and their country culture were always present in the deopest part of my being," she tells us. "Yet I was estranged from them." She found herself, however, "a stranger ... in the North ... an exile in both places." This account of how Bobbie Ann Mason finally came to receive her feelings has about it an almost-cinematic quality (not surprising, maybe, when we learn of her devotion to film). The popular songs of the day serve as a kind of haunting background music to her highly visual, thickly textured story of a family that is often beset by mental and physical illness, nackbreaking labor, isolation, and deep-seated, mixed feelings because they are "country."

Music "saved us all," she says, calling up memories of helping her father plant corn as strains of "Ruby" or "The Song From Moulin Rouge" wented through the retained the bordom.

She eventually became National President of the Hillbopper of the Comments of the St. Lowe You?" In foremember "PS. I Lowe You?" In foremember "PS. I Lowe You?" In

Ciear Springs:

A Memoir
By Bobble Ann
Mason
(Random House, 225)
As Thomas
Wolfe once reminded us, you can't go home again.
Maybe we can return after all.
Or maybe if we can't go all the way back, maybe we can come close enough.
Critically acclaimed Kentucky author Bobbie Ann Mason ("In Country," Spence + Lifa," et all has not only returned to her roots, she's yence at Lifa," et all has not only returned to her roots, she's written about the round trip with such sensitivity and high color that readers of this memoir will feel as if they've shured in person this sometimes-funny, sometimes-sad, always-fracianting journey.
For those of us who grew up in rural communities during the 40s and 50s, and longed to live in a big city that would take us, away from all the rustic "charm," "Clear Mason's memoir offers a special mother lode of nostalgia.
For any and all of us who have admired her memorable fiction midred her work and nurtured her development as an individual and as a writer.

al and as a writer.

In an indirect way, the Motor
City made an early but distinct
impression on the farm girl who
would go on to win the coveted
PEN/Hemingway Award for first
fiction in 1982 with "Shiloh and
Other Stories."
"In the summer of 1949, when

Other Stories."
"In the summer of 1949, when I was nine," she writes, "my mother and I traveled to Detroit to visit... Aunt Mary.
"I want you to see them big buildings,' Mema said. 'They're so tall your eyes'll pop out."

music that was early rock-androll.

Maybe most important, she
discovered new worlds through
reading, a habit that apparently
marked her as an outsider, not
just at the rural school she
attended, but even with some
members of her own family.
Often books like the Bobbey
Twins series, Nancy Drow myeteries, or Louisa May Alcett's
"Little Women" appear to have
served as a porfectly adequate
substitute for human companionship, as far as Bobbie Ann
was concerned, though. Later,
she would delve into such books
as "The Search for Bridey Muphy" and "The Report on
Unidentified Flying Objects."
(Ono assumes her reading lists
have grown more sophisticated
over the years, although this is
not really examined here.)

While Mason may have felt
isolated, and never quite under
