

The Danger of La Grippe
 Is its fatal tendency to pneumonia. To cure your la grippe coughs take Foley's Honey and Tar Compound. R. E. Fisher, Washington, Kan., says: "I was troubled with a severe attack of la grippe that threatened pneumonia. A friend advised Foley's Honey and Tar Compound and I got relief after taking the first few doses. I took three bottles and my la grippe was cured. Get the genuine in the yellow package. Sold by T. H. McGee."

Chas. Durham, Lovington, Ill., has succeeded in finding a positive cure for bed wetting. "My little boy wet the bed every night clear thro' on the floor. I tried several kinds of kidney medicine and I was in the drug store looking for something different to help him when I heard of Foley Kidney Pills. After he had taken them two days we could see a change and when he had taken two-thirds of a bottle he was cured. That is about six weeks ago and he has not wet the bed since." Sold by T. H. McGee.

Two big auctions are scheduled for next week, Hogle's on Wednesday and Crawford's on Friday. Both have big lists of property to dispose of and the sales ought to draw out large crowds.

Mrs. F. G. Foster nee Irene Lapham, of Toronto, who has been visiting Mr. and Mrs. M. R. Wilber and brother, John Lapham, for a couple of weeks, will return home Friday of this week.

A special meeting of Farmington Lodge, No. 151 F. & A. M., is to be held Saturday night and the lodge from Redford is to do the work in the M. M. degree. A good time is anticipated.

A movement, with Judge Smith at the head of it, has been started at Pontiac to help defeat Taft. The president's reciprocity scheme lost him the most of the farmer votes in Oakland county.

Mrs. Ada Wixom Wood, who was well known here, died at her home in Northville last Sunday, after a few days' illness. The funeral was held Tuesday and interment was made in Oakwood cemetery in this village.

As someone has informed us that a little report was current that the price of this paper was to be advanced we take this opportunity to say that the price will remain at \$1 a year. However, we want the \$ and those to whom statements were recently sent and who have neglected us so far we trust that this reminder will be sufficient.

The Farmington Guild held its regular monthly meeting last Monday at the home of Miss Mildred Adams. A very enjoyable time was spent. The members responded at roll call by giving their New Years resolution. In the absence of the president, S. D. Harger, Howard Warner occupied the chair. Much important business was transacted.

The services at the Farmington Baptist church Sunday, Jan. 14, are as follows: B. J. Klump will take for his morning subject, "The Sisterhood of Christ." Bible school at close of service.

At the evening service there will be the usual opening song service. A five-minute talk to boys; subject, "Boys Wanted." Subject for the evening, "What will the Sign Be." Everybody invited to come and bring your bibles.

Taxes

 Treasurer of the Township of Farmington.

Were Married Wednesday

A very pleasant wedding took place Wednesday night at the home of Mr. and Mrs. Geo. Tolman of East Farmington, when their daughter, Miss Anna, was united to Mr. Starr Graham. The marriage was solemnized by Rev. D. M. Ward, the ring service being used. The wedding march was delightfully played by Mrs. Terry.

The bride is one of the charming young ladies of Oakland county and the groom one of its substantial and promising young farmers. Only the near relatives and friends were present and they all joined in the best wishes for the future welfare of the happy couple.

There were numerous valuable presents including a fine portland cutter from the grandfather of the groom, G. M. Davis.

The couple were escorted to their future home at North Farmington by Grandfather Davis where they immediately began housekeeping.

Financial Talks by the Bank
 Beginning next week the Farmington Exchange Bank will begin a series of interesting talks in its advertisements that will also be applicable to its business.

The banks are the financial backbone of the country and they are being used more and more each year. In olden times only the well-to-do were supposed to have use for banks, but in our modern times the poorer people find them of great use and a man is pretty hard up who does not use the banks nowadays.

Nothing gives one a better standing in the world of business than to "have money in the bank." A savings account, though it may be a small one, is a great stimulant to the young man or woman and a help to all who want to get on in the world.

Wallace Simmons spent Sunday with Marlin and Stanley Simmons.

Mrs. Fred Fry continues about the same.

Henry Ever has been appointed director of the Thayer school.

Redford

Supervisor Burt informs the Record that the board of supervisors will meet on the last Saturday of each month to transact whatever business may come before the board.

Mrs. L. M. Brown is to start for Florida a week from next Monday to spend the winter.

His many friends will be glad to know that C. A. Pierce is somewhat improved after a severe illness.

A large crowd was in attendance at Geo. Jenks' auction Tuesday and the property found ready buyers.

There is not much use of calling attention to Jas. L. Hogle's auction any farther than to ask our former readers to look over his long list.

There are few towns in Michigan no matter how small, but that they enjoy lighted streets. Redford is one that abides in darkness. The expense is small and the benefit large. Is it not about time to light up? A dark town is not a very good advertisement for our enterprising citizens.

Of course there's no particular hurry during cold weather, but would it not be wise to think about a new school building while there's not much else to do.

WE ALL GOT OUR SHARE

PLENTY OF WINTER LAST FEW DAYS

Zero Weather, With Snow and Heavy Winds Ties up Traffic all Over Country

The terrible cold wave of the past few days extended over the state and played havoc with all transportation lines. All trains were late and many were abandoned at times. From four to six inches of snow fell and the strong gale at times piled it into deep drifts.

The D. U. R. lines were fortunate to keep their cars running on fairly good time, the line between Farmington Junction and Pontiac having the most trouble. On Tuesday the crews were compelled to shovel some drifts that they could not buck through.

The same day this part of the state was the coldest. The Farmington schools were closed for several days because it was impossible to heat the building sufficiently so that the pupils could stay in it with comfort.

The Central High of Detroit was also closed for a few days and the students who attend from this section had a short vacation.

In many places business was practically suspended for a time.

BROMLEY MUM ON MARRIAGE "BIZ"

Mrs. Tucker Free but Must Not Marry for a Year

Elmer Bromley, who next week will complete a year's stay at the county jail, was shown a Press Gazette containing the story of the divorce of Mrs. Richard Tucker from her husband, and laughed when a reporter for that paper asked him if he would marry Mrs. Tucker if he had his liberty.

"Marry her? Now how can I marry anyone as long as they keep me here. Tucker ought to be satisfied now that he has kept me here a year and gotten a divorce from his wife, and I think all concerned ought to be satisfied. When I get out of here I'll tell you my marriage plans and not before," Bromley said as he motioned the reporter out of the cell.

Bromley has recovered his appetite and recently sent an order to a grocery store for a long list of delicacies which were delivered to him at the jail. Since the groceries arrived he has eaten well and has regained his old time good nature.

If Bromley stays in jail until January 19 he will have broken all records for long stays at that institution, having been there a year.

Lahser a Good Weather Prophet
 Neither the wild geese nor the weather man have anything on Charles Lahser when it comes to a guess on the weather. Lahser timed his southern trip just at the psychological moment to escape this cold spell that the rest of us suffered through and was enjoying the balmy sunshine of Southern Florida, while his friends were hovering over stoves in a desperate but unsuccessful endeavor to keep from freezing stiff.

With his estimable wife he is supposed to be in Cuba as our readers are perusing these lines as they were to sail for the island on Thursday.

WHOLESALE AFFECTION.

"He told me he had never loved before."
 "Oh, well; you mustn't count on or two times."

"I wouldn't. But I find that the last winter he loved practically an entire seminary."

GOOD ROADS COMING FAST

COMMISSIONER EDWARD N. HINES SEES BRIGHT PROSPECTS AHEAD

37 Counties in the State Levied Large Sums for State Road Work. Probable Good Road to Chicago

The outlook for good roads in Michigan in 1912 is exceedingly bright, said County Road Commissioner Edward N. Hines this morning. The total amount of tax levied for county road purposes for 1912 in the 37 counties now under the county road system is \$1,270,099.48, besides proposed bonds aggregating \$1,500,000. Wayne county with \$530,000 of the \$1,270,099.48 will do her share, and then some.

The following counties will vote at the spring elections on the adoption of the county road system: Calhoun, Charlevoix, Jackson, Lapeer, Lenawee, Mackinac, St. Joseph, Van Buren, Macomb and Washtenaw. Efforts are being made in several other counties, notably Ingham and Monroe, to have the question submitted at the same time.

In case a favorable vote is secured in Washtenaw, Jackson, Calhoun, St. Joseph and Van Buren counties it will mean the starting of the improvement of the old Chicago road, or Michigan avenue, clear across the state to Chicago, as Wayne, Kalamazoo and Berrien are now under the county system and have done considerable work on the road. Wayne county will have her end of the road completed through her borders from the city hall in Detroit to the Washtenaw county line by next September.

A 23-POUND CAT.

Tip, a giant cat, owned by Mrs. O. P. Duncan of this city, is said to be the largest cat in the United States and Canada. Tip is closely followed in the race for weight honors by his brother, Tot, who weighs 20 pounds, three pounds less than the other cat. The cats are eight years old. Tip is 30 inches long from the tip of his nose to the end of his tail and his neck is 5 1/2 inches in circumference.

Every day cat consumes 1 1/2 pounds of round steak and a pint of milk. How the cats came to grow so large is a mystery even to the owner. She said they had received the same care as other animals of this kind.—South Bend Cor. Indianapolis News.

CHAGRINED.

The marine architect was submitting his plans of the great ocean liner to the president of the steamship company.

"Here we have the race course," he said, indicating the place with his finger.

"But that crowded too much on the golf links," objected the president.

With considerable chagrin the architect was forced to admit that he had been obliged to curtail his plans to merely a nine-hole course.

FORCED TO FALSEHOOD.

"There are some people," said Mr. Groucher, "who seem determined to force you into falsehood."

"To whom do you refer?"

"The superciliously genial person who says, 'Ah! Did you have a pleasant summer? You are simply compelled to say 'Yes.' If you don't, he'll scold a dark secret and insist on a long explanation of what the trouble was."

THE OLD AND THE NEW.

"What a pity," said the art dealer, "that we have no modern artists who can paint like the old masters!"

"And I was just bewailing the fact," replied Mr. Dustin Stax, "that so many of 'em are able to completely deceive our connoisseurs."
