$Garland\ Resort\ provides$ perfect winter weekend

BY SYLVIA ABBATE SPECIAL WRITER

If you're going to stick eround Michigan in the winter, why not get out and enjoy the fresh air and beautiful snow? The "Gourmet Glide" at Gar-

land Resort in Lewiston, Mich., includes more than 40 kilometers of wide, groomed ski trails. It's a perfect weekend getaway that combines exercise with

great food.

My husband, Joe, and I, along with a group of friends, return to Garland each year. The Gourmet Glide is a non-competitive event where you're encouraged to ski at your own pace.

where you're encouraged to ski at your own pace.
Our athletic ability ranges from the experienced to the notso-experienced. Our friend, JackHanika, a former aki instructor, can zigzag his way around the trails like a gazelle. And 1 attempted the Gournet Glide nine months pregnant, spending most of my day at the buffet table. And no one seemed to mind.

Garland Resert has been around since 1951. It is a four-season recreation retreat owned and operated by the Otto family.
A.recipient of the AAA "Four Diamond" award, the family's personal touch is found inside and out. After a day on the trails, we appreciate the luxurious accommodations of a coxy log cabin or villa. Rooms include all the extras like a king-sixed bed, marble bath Jacuzzi and a gas log fireplace. log fireplace.
Outdoors the beauty contin-

The Gournet Glide begins at 8:30 Saturday morning, Our group meets at the main lodge for a continental breakfast. For those who prefer to sleep in late, punctuality is not enforced. We've discovered a lack of fresh food along the five-mile glide is never a problem.

As veterans of the Gourmet As veterans of the Gourmet Glide we go light on our plates at the final stop. Instead we prefer a cup of hot chocolate, coffee, a glass of beer or wine to reminisce about our eventful day. As the evening ann sets behind the glistening snow and blue akies, we fulfill another tradition at Garland.
