Don B. Button is selling agent for the United Gasoline engine in this locality. His advertisement appears in this paper and he has an engine at his home to which he invites all who contemplate purchasing an engine.

The newspaper is one of the most important factors in our daily life. Do we not want to know what is going on in our world? Do we not want to know how we are getting on? Do we not want to know what is going on in our country? Do we not want to know what is going on in the world? We will be anxiously interested to hear what Fred Newton Scott, of the University of Michigan, has to say about reading the newspaper in his lecture here on Friday evening, March 1. Don't forget the date. The weather man has promised that the thermometer will not register 30 below zero on that evening.

The picture of the snow covered interurban car in Friday morning's News was the car manned by Conductor Strong and Motorman Gilbert on this division.

This office has had to contend with sickness this week, as well as the inconvenience caused by the storm, and this is our apology for the slim paper offered our readers.

The Horse Races

VanVleet also took first in the 2:30 race with Coe second and Lee West third.

In the green race Spaller got first, Landau second, Schuetz third, Seeley fourth and McLean fifth.

Approves Buick

On last Monday a model 28 Buick motor car was delivered to Col. Spencer Crosby of the department of war at Washington, to be used by the inspector of buildings and grounds on his daily trips.

The government invited all the leading manufacturers of cars priced from \$300 to \$2,000 to submit a car in competition to a committee of expert mechanical men. These cars were driven to the designated place and the drivers dismissed. The examination was then made with no representative of any of the cars present. Motor for motor, shaft for shaft, bolt for bolt, the cars were compared, tested and appraised by the government experts. One by one the cars were eliminated until but one remained. It was the Buick. Of the 17 or 18 cars submitted the Buick alone stood the rigid test of quality and construction upon which the examination was based. This car was at once turned over to the government for immediate service.

Having sold our market we ask those owing us bills to kindly settle before March 1.

We also have one or two horses to sell.

Redford

Mr. and Mrs. Emmor Coleman spent last Sunday in Saginaw.
Lieut. Thomas J. Meyer, a former Redford boy, but who had been on the Detroit police force for 38 years, died Tuesday at his home, 37 Englewood avenue, Detroit. He was 68 years old and spent three years in service in the civil war before going to Detroit. He retired from police service a little over two years ago. He leaves a widow and a son and daughter. The body was buried in Mt. Hazel cemetery at Redford on Thursday.

The Redford Milling Co. has purchased and will soon install an electric motor for the feed grinding section of the mill. Mr. Bosworth also completed making the four section electric in a short time.

The shadow social last Friday evening was well attended and furnished plenty of amusement for all. Some of the "shades" sold extremely well while others went below cost.

The Redford Protective association is to meet again Saturday night at the Lamphere Hotel and every farmer and business man is urged to attend the meeting. The association is going to some good work, judging by the way they go at it, and everybody in the community should join. The membership fee is placed at only \$2, and there were 45 members who joined at the first meeting. It is an extremely easy matter to secure enough to make out an hundred.

Hantramack and Greenfield farmers are anxiously at work and it looks as though it would soon be dangerous for the organized band of horse thieves to play their nefarious trade in his section.

A horse was taken from the farm of Sam Bigelow, a mile and a half east of the village, on the Waterford road, a few nights ago, but the farmers got busy at once and were likely quick on the trail, as the animal was recovered and returned home early the next morning.

The Dorcas society has changed the date of their meeting to next week Friday on account of the weather. The dinner to be served at that time will be 25c a plate.

The next regular meeting of Victoria chapter will be held next Thursday night.

Clifford Labser was the only pupil in the primary department Thursday and he had the teacher all to himself. This keeps his record good for he did not lose a day last year nor so far this year.

A RUN OF BRASS KETTLES.

A fair has been in Danville several days. He is telling the colored population that the proper way to cure rheumatism is to boil a piece of brass kettle in vinegar and drink the concentrated preparation. Mr. William Billman has been swamped with colored citizens seeking to purchase parts of brass kettles. The fair told them that no kind of brass except a piece from an old brass kettle would do.--Danville (Ky.) Advocate.

Business Cannot Be Cured

Business cannot be cured by the use of medicine. It is a matter of the mind and the heart. It is a matter of the soul and the spirit. It is a matter of the will and the power. It is a matter of the faith and the hope. It is a matter of the love and the charity. It is a matter of the truth and the justice. It is a matter of the goodness and the beauty. It is a matter of the wisdom and the knowledge. It is a matter of the strength and the courage. It is a matter of the patience and the perseverance. It is a matter of the humility and the meekness. It is a matter of the gentleness and the kindness. It is a matter of the peace and the quietness. It is a matter of the joy and the gladness. It is a matter of the love and the affection. It is a matter of the friendship and the fellowship. It is a matter of the brotherhood and the sisterhood. It is a matter of the unity and the harmony. It is a matter of the concord and the agreement. It is a matter of the peace and the tranquility. It is a matter of the rest and the repose. It is a matter of the refreshment and the rejuvenation. It is a matter of the renewal and the regeneration. It is a matter of the resurrection and the redemption. It is a matter of the glorification and the glory. It is a matter of the eternal life and the eternal happiness. It is a matter of the eternal peace and the eternal joy. It is a matter of the eternal love and the eternal life.
