# RETAIN IN MEMORY

These Short Sentences Tha Hold Within Themselves Hold Within Themselves a Sermon.

A Sermon.

Less than three per cent. of the area of Norway is under cultivation.

Toll Comes before Success

The mounting of waterproofed photographs of friends on the finger nails is a new fad in Germany.

Goal to Which Each Worker Aspires

established a national bureau for san-

Goal to Which Each Worker Aspire Is Reached Only Through Most Arduous Effort—First Do Good Werk Slowly, Then Increase Speed. Which Each Worker Aspires

That every jeb to a zorter to the bungler and a training to the capable doer.

That there is not a job in the world that has no rough angles in it. Frant men out of a job envy toilers more than the latter envy the millionities and with the world than the latter envy the millionities and with the wood reason.

That the most humble position is a post of honor when it is honorably filed. led. That every man has his limitations.

That every man has his limitational, and that overstrain on the body or both always injures both the body and the brails.

That while we may thoroughly believe in an eighthour day (or even in a ski-hout day), we notice that under present conditions few men have rigner to the state of the st

twelve hours a day, with occasions work at night.

That the way to do fast work is first to do good work slowly and gradually increase the speed.

That men are not born equal in ability any more than a rabbit is born a libn.

That only a few can win the best places, and that every one has missed some grand goal ways precedes right netton, whether you are tying your notion, whether you are tying your

That thought always precedes right action, whether you are tying your sheestrings or building a battleship. That poverty is a shadow that hauts millions of lives far from any alums or poor districts.

That riches bring as much unhappiness as happiness, and are often an obstacle to the formation of good character.

That the best civilization 50,000 years from today will have competition in tt—the most capable and virtuous will be awarded the prizes of power and honor; leaders will always lead.

That progress in an individual or

of power and bonor; leaders will always lead.
That progress in an individual of in in a rice never goes by leaps and bounds—gradual curves are the vule for the advance of man. That we are all desirous of increasing your huppiness, but we cannot overturn the southern of the control of the advance of the control of the co

ague trous and to other a way and a commercial value in every trade or profession.

Value of Thoroughness.
On qualification a business girl should cultivate, if she wants to give satisfaction and to be sure airways of a position, its thoroughness. The girl who does things, thoroughness. The girl who does things, thoroughness man will be the office of the form of t

## WORKERS AND IDLERS

BOTH TO BE FOUND IN ALL STRATA OF SOCIETY.

Cause of Misunderstanding is That Only the Worst Side of the Case Is Looked At.

The government of Venezueia has established a national bureau for sanitation. Midped in box vater and then in bran will cleanse white paint without laint.

First are fed to horses in Turker, dates are given them in Arabin and currants in Egypt.

Pekin, the only capital in the world without a street car systam, soon is to have an electric line.

A thick paste made of kerosane oil, sifted coal sahes, and afraicked lime makes a fine polish for brass.

A textle fabric made from raw silk in China can be buried in the earth for a year without destorating.

Faris is considering a proposition to spend \$90.00,000 to obtain a supply of pure water from Switzerleand.

Berlin employs mose that a supply of pure water from Switzerleand.

Berlin employs mose that a supply of pure water from Switzerleand.

Berlin employs mose that a supply of pure water from Switzerleand.

Paris bakera have formed a syndicate to maintain a laboratory in which all their flour is scientifically tested.

All of Berlin's sewage is pumped out of the city to disposal farms, which all their flour is actentifically tested.

All of Berlin's form and the state of the city to disposal farms, which all their flour is actentifically tested.

The city of Hamburg will build a three-mile monoralt railroad to test the availability of , the, plan to the municipal traction system.

Only the Worst Side of the Case Is Looked At.

For lideed the fact is that there are idle poor and idle rich; and there are busy poor and busy rich. Many poor and busy rich. Many poor and busy rich and poor the size of the

manicipal tractions system.

Choice of a Trade.

Did you ever notice that it does not really matter what trade one adopts if it is possible. The man makes a most possible that the proof to the proof t

## Must Be an Expert

Ability and Resource Required of the Man Looked To to Keep the Traffic on its Journey.

Traffic on its Journey.

The machinist who hires out to a railroad company as a roundhouse machinist must be a good one. In other words, he must be an adept in the use of tools, ranging from a pocket screedriver to a 20-pound sledge. Variety is the spice of life, and if it is the spice of work the roundhouse machinist has his job well seasoned.

At one hour of the day he may be exerting his strength to the limit in knocking out large, fleavy rod bolts; within the next the fineness of his work may equal that of a jeweler's in adjusting the complicated and delicate mechanism of a negistive steam agange.

He may be workied on a job with

work may equal that of a jeweler's in a quality that emblyprer need most energy. It is absolutely essential to energy. It is absolutely essential to energy. It is absolutely essential to energy the place of the proposition of the proposition in the little proposition in the little

La chinds receives these slips. Their complete the chinds receives these slips. Their complete the chinds receives these slips. Their complete the chinds receive the chinds and sensitive parts of the air brake equipment. Roundhouse Machinist Is Paid those or mighty connecting rods, whose weight might, take the combined efforts of eight men to lift them from the engine to the floor.

omen enorts of eight men to lift them from the engine to the floor.

It is up to, the roundhouse man to get the job done as quickly as possible, for the locomotive is wanted by the dispatcher rot move trains out of a yard that is soon congested by incoming enrs.

The job of a roundhouse machinist is good, but the job holds no easy routine of work. When not using his muscles he is using his head to avoid the pitfalls of delay to work on the engine that is to be under estem and coupled to its train at a certain time without. fair.

For the man, who wishes to think for himself and who likes, to have unexpected demands under on his ability, this job is all that, can be defired.

For the Business Girl.
Don't complain.
Don't demand sympathy.
Don't say you are unlucky. You are as lucky as you think you are and opportunity is always at your door.
Be alert mentally and clean physic

portunity is always at your door.

Do alert mentally and clean physically.

Work as it you had no idea of ever marrying and as if business were your sole interest in life.

Don't think you would succeed in business somewhere else better than where you live. Better yourself if you can, but don't waste time on self-pity.

Don't be persuaded that you must be absolutely healthy before you start to work. You may find health in your work.

Don't continue in an employment which really is a detriment to your beath. If you are brave enough to try you will find something better suffect to your needs.

Study conditions around you and find out what requirements are most urgent. Learn to meet these requirements or the demands of the market loar you.

Work with a goal before, yot. Don't be satisfied with your own degree of efficiency or knowledge. You can always acquire more.

### FLAX GROWING IS PROFITABLE

WESTERN CANADA FARMERS BE-COMING RICH IN ITS PRODUCTION

IF YOU ARE A TRIFLE SENSITIVE So much has been written regarding the great amount of money made out of growing wheat in the prairie provinces of Maniphs, Saskatchewan and Alberta, Weafern Canada, that many other products of the farmé are overhooked. These provinces will always grow large areas of, wheat—both spring and winter—and the lytelds will continue to be large, and the general regarding the second province of the wheat to the area; where portion of the wheat to the area; where yet are not as help as fifty bushels per acre of wheat to the area; where the province of the wheat to the area; where the province of the wheat to the area; where a tracted world-wide attention, but what of oats, which field forty, fifty and aa high as one hundred and ten bushels per acre and carry off the world's prize, which, by the way, was also done by wheat raised in Saskatchewan during last Norember 1, which was a second to the world's prize, which, by the way, was also done by wheat raised in Saskatchewan during last Norember 1, which was a second with the world's prize, which, by the way, was also done by wheat raised in Saskatchewan during last Norember 1, which was a second with the world's prize, which, by the way, was also done by wheat raised in Saskatchewan during last Norember 1, which we want to be with the world and the Norember 1, which we want to be a second with the world and the Western Canada. The writer has before him a jefrcular is sued by a prominent farmérat Saskatchen. The growing of far is extensively carried on in Western Canada. The writer has before him a jefrcular is sued by a prominent farmérat Saskatchen. The circular deals with the treatment of seed flax, the seeding and harvesting, and attribute yields of less than 20 bushels per acre. The prize of the seed of the seed of a \$2.50 that we want to grow and attribute yields of less than 20 bushels per acre. The prize of the seed of the seed of the product of the same quality in the adjacent district, pro About the size of your shoes, your shoes, you smaller by shaking Allen's antisepile powder, into them. A COLORADO GIRUS CASE:

Montrose, Col.—"I was troubled very much with irregular periods.
Sometimes two mothes would elapse. I suffered severe headache,
was week an nervous, could eat scarcely anything.

Purifier and the result was wonderful. I feel like another person.

"I think your renedies are the best on earth and cannot express
my thankfulness tolyout for what they have done to me. I help my
neighbors when they are isick, and I shall always recommend your
medicines."—Miss ELLA MCCANDLESS Montrose, Col.

Is it not reasonable to suppose that a medicine that did
so much for these girls will benefit any other girl who is
suffering with the same troubles?

Does it not seem the only sensible thing to give such a
medicine at least a trial? You may be sure that it can do
you no harm, and there are lots of proof that it will do
you much good.

you much good.

For 80 years Lydia E. Pinkham's Vegetabl. Compound has been the standard remedy for fee nale ills. No one sick with woman's alment does justice to herself who will not try this famous medicine, mad officing women to health hayvestock of the pinkham and the pinkham and the pinkham and pinkham and pinkham and pinkham and answered by a woman and held in strict confidence.
