

Seeing the light: Longacre Elementary School student Jon Fenske and his mom, Karen Fenske, peer through special glasses to view different hues of light at one of the stations.

I can hear you: Above, discovering how sound travels through pipes are Longacre Elementary School student Hadley Smith and Nancy Yarmuth, a parent. At left, one of 14 stations at "Family Science Night" at Longacre was one where kids of all ages were able to make bubbles.

# Family night

## Parents, kids sample science

More than 500 people from 153 families jammed Longacre Elementary School's gymnasium April 17 for the first annual "Family Science Night."

They sampled 14 scientific work stations, set up by East Lansing-based Wonderama. Among popular stations were

### LONGACRE

those involving green slime, dry ice, and an archeological dig for stones and skeletons.

attended a daytime assembly put on by Wonderama and then brought their families back for the ultimate in hands-on learning, said spokeswoman Kim Heath.

The Farmington district school

The Longacre PTA sponsored the event.

In my family, learning is everything.

Books don't just enlighten. They empower. Our children are growing up knowing this. A good education is one of the most important things we can give them. And we will, with the help of U.S. Savings Bonds.

Through the Payroll Savings Plan, we put aside something with every paying. And little by little, it will add up to college for our children.

Ask your employer or banker about saving with U.S. Savings Bonds. For all the right reasons.
