

Ready, go: Above, the 10K race begins. Below, Monica Czerwinski is the first woman to finish the 5K race.

Run from page A1

record, Assistant Chief Richard Niemisto said the 2000 numbers topped last year's.

"We were pleased with that," he said. "So far, it looks like we're going to be able to donate close to \$5,000 to MDA."

The organization has been the department's charity of choice since the race was launched in 1989.

For the past 50 years, MDA has provided comprehensive medical services to thousands of children, youth and adults stricken with any one of more than 40 neuro-muscular diseases.

In addition, the MDA funds more than 400 scientific investigations every year, seeking the cause and cure for those diseases.

"The Muscular Dystrophy Association was selected by officers from the beginning because of the importance of doing what we can to help eliminate this dreaded childhood disease," said Dwyer.

This year, more than 20 sponsors partnered with the department. The donation will be presented during the annual MDA Telethon, held during Labor Day.

The 10k race was competitive, Niemisto said, with awards given in police and public categories, separated by age and gender divisions. The Hills team competed against Pontiac in Class A; Ferndale Police topped the Class B competition, among four teams.

Individual winners were Thomas Priests of Whitmore Lake and Karen Hughay, whose hometown wasn't known. The 10k field included 122 runners; the non-competitive 5k race drew 81.

The 10k field included 122 runners; the non-competitive 5k race drew 81. The MDA has been the department's charity of choice for choice for the race.
