We have more readers than ever.

This is great if you are in business because the fact that we have 20,000 more readers than one year ago means more potential customers for you. According to a recent independent survey by The Media Audit, 480,000 adults read one of our 16 local Observer & Eccentric Newspapers every week.

What makes this even more compelling is that during the same period, readership in the Sunday Detroit News and Free Press dropped by 114,000 readers and daily readership in the combined News and Free Press fell by 95,000. Readership of the Sunday Oakland Press declined by 18,000.

Seems like we're the only newspapers with readership figures that are going in the right direction. So, if you'd rather have your sales go in the same direction, call us at one of the numbers below.
