We are in a position to do all kinds of WOOD SAWING, RE-SAWING, PLANING, WAGON WORK. Wagon Boxes made to order

C. R. ELY, Successor to Wm. GROVES

BUICK

Model 29, with Top, Glass Front and Prept-O-Lite tank, \$1250

Every Buick Car develops horse power far in excess of its rating. The roughest going presents no difficulties to the Buick, for the Buick Motor is a veritable giant in action, fully sustained by the utmost stability of every part—transmission, frame, body, steering gear, axles, shaft, differentials, brakes, springs, wheels—everything down to bolts, nuts, and cap screws.

All this enables the Buick to take "low gear" hills on high gear speed, "picking up" at every yard without the shift of a lever.

In addition to all this, the Buick Motor has been so refined that all Buick models for 1912 stand in the front rank with the most silent-running cars. As every car-wise man is familiar with the unequalled racing record of the Buick, it is not necessary to mention speed.

6 Models, at prices fixed according to power and size. \$850, \$1000, 1075, 1250, 1800, One-ton Buick Truck \$1000

OAKLAND COUNTY REMAINS "WET"

Only Two New Members on the Board of Supervisors. Remains the Same Politically as last Year

The returns from election in Oakland county show that out of the 30 supervisors elected 21 are republicans and 9 are democrats. Only two new members were chosen, Lee West of Novi in place of Job Leavenworth and Clarence K. Phillips of Independence who defeated Washington I. Irish. The political complexion of the board remains the same as last year as West who is a democrat defeated a republican and Phillips, a republican defeated a democrat.

In Farmington 322 votes were cast for the republicans and as it was the only ticket in the field that was the total vote. James L. Högge remains supervisor; H. A. Schroeder, clerk; John H. Thayer, treasurer; Isaac Bond, member of board of review; A. H. Phelps and John Power, justices; Thos. Lytle, highway commissioner, and Thos. Hitchcock, overseer.

The local option forces were defeated in Oakland by 618, Farmington contributing a majority of 88 wet votes to the total. In 1910 this township gave a wet majority of 67 and in 1908 a wet majority of 77. Ten townships and four wards in the city of Pontiac gave wet majorities while 15 townships and the fifth ward gave dry majorities. Milford was the banner dry township with 122 majority, while Avon led the wets with 230 majority. Bad roads contributed to a light vote in the county.

About His Trip to Panama

Hon. F. M. Warner has very kindly consented to tell us something of his trip to and from the Panama. Mr. Warner visited Cuba, Jamaica and other places besides the "great ditch" itself. He was very fortunate in securing many very fine pictures of places visited and of the canal. These pictures, greatly enlarged, but accurate as to every detail of coloring and outline will be shown by means of a projectoscope on a large canvass to illustrate the address.

The E. L. society of Farmington was fortunate enough to secure Mr. Warner's consent to give his description of the trip. A short musical program will also be given in connection with the address. The date has not yet been definitely fixed, but it will be given in the town hall presumably near the last of April or May 1st. Watch for definite announcement later.

New Series of Church Services

A new series of Sunday evening services are to be held in the M. E. church immediately following the special Easter services. The Sunday evening immediately following, that is April 14, will have the form of a special song service. Besides our splendid ladies' quartette choir, we are to have a large chorus of mixed voices. At this service, too, we are to have the pleasure of listening to some of the greatest living vocalists through the medium of Mr. Warner's victrola.

This will be followed up by a special song service on the first Sunday evening of each month.

The other Sunday evening services are all to be of special character, with interesting and new musical features, besides a new series of discourses on "American Heroes and Heroines."

This week is spring vacation for Farmington school.

JOINT MEETING ON SATURDAY

Farmington Drymen and Oakland County Horticultural Society to Meet at Farmington

The following is the program of the joint meeting of the Farmington Dairy association and the Oakland County Horticultural society, which is to be held in the town hall in Farmington on Saturday of this week:

MORNING SESSION—9:30 (standard)

Discussion led by J. A. Graley.
The Oakland Co. Horticultural society, which was organized in February, 1912, with 48 members, now has a membership of 100. The officers are:
President—J. T. Miller, Birmingham
Vice Pres.—W. D. Flint, Novi
Secretary—Miss Addie Siy, Birmingham
Treasurer—Chas. A. Bingham, Birmingham

Wins a Bride in the Sunny South

The following item of news, clipped from the Miami, Fla., Metropolis, will be of interest to the people of Farmington:

"Mrs. Eva Quarterman announces the engagement of her daughter, Miss Kathleen, to Mr. Roy H. Burgess of Redford, Mich. The wedding will take place the latter part of April, and the ceremony will be performed in the First Baptist church. Much interest will be taken in the above announcement by the Miamians, as Miss Quarterman has lived in the city since early childhood, and is universally loved and admired. The coming bride and groom will make their home in Redford, Mich., a suburb of Detroit, where Mr. Burgess is in business."

We understand that Roy will go south the latter part of the month and will go by rail, but the newly married couple will come north immediately after the wedding by steamer to New York and then home by rail. There is a probability that Heman Burgess, an uncle of Roy, who lives in Detroit, will accompany him to Miami to attend the ceremony.

The sterling integrity, pleasing personality and excellent social attainments, combined with good business ability, make Roy Burgess one of the most popular young men of this community and his large circle of friends, both in this section and Detroit, will unite in a very cordial welcome to the young lady who comes to Redford as his bride.

Mr. and Mrs. R. A. Patten and son and Miss Mildred Troutman were guests at Claude Paulger's Sunday.

Your Advertisement in this paper would be a profitable investment. You will notice that the leading business men of every community are the ones who advertise. There's a reason.

THE SUCKER LIST

When the postoffice authorities "pulled" the Standard Securities Company, alias Wisner & Company, in New York the other day, they took away with them a wagon load of nicely engraved oil and mining company certificates and "literature" telling how to make a budlike dollar blossom into many thousands.

Among the papers gathered up by the inspectors was a list of over 100,000 names of people who have bought or might be induced to buy stocks. The inspectors call it the most valuable "sucker list" in existence. Many of the names were followed by remarks showing that the persons named had a reputation for being quick to grasp the kind of opportunity which A. L. Wisner & Co. and the Standard Security Co. advertised.

The startling fact is that these people actually sold more than two million dollars' worth of this worthless stock to the public.

It would be an insult even to presume that your name is on the "sucker list," but are you sure your money is so carefully husbanded and invested as to be immune from the lure of the financial "prospects" in oil, in mines, in real estate developments, whose assets are the beautifully engraved certificates? Have you considered the ABSOLUTE SECURITY that a strong bank like the

Farmington Exchange Bank (A STATE BANK)

offers you? Have you put in the balance against prospects the CERTAINTY of the return of the principal and interest on demand? Don't get on the sucker list.

Fred M. Warner, Pres. Sam'l D. Holcomb, Vice Pres.
C. W. Wilber, Cashier.

Tomorrow May Never Come

You intend to insure tomorrow! How do you know there will be a tomorrow—for you? Insure today! Don't wait because you can't afford to take a large amount. Besides, while you are waiting the cost is increasing. Take out a policy for SOME amount now, while you can get it. A more convenient season may never come.
