This week the Oxford Leader completes volume 32. ## FRENCH TRAVELING SHOW.

The traveling showman is common in France than in England, particularly in country places. He has almost vanished as an individual from English country fairs; he exists only as the proprietor of galloping horses or boxing saloons or fat lady

shows. But at the smaller country fairs in France you may still find the juggler, with his "finest" acrobatics, and the strong man, and the sometimes quite charming dancer. The most ordinary French crowd has a curiosity about art of any kind unknown in England.—London Chronicle.

## Good Bread

is not always made from good flour. Sometimes, quite often, in fact, the fault is with the cook. But while poor bread is often made of good flour, good bread is never made of poor flour. The best cook in the land cannot do it. She must have the right flour and we recommend and warrant our PEERLESS brand for either Bread or Pastry. Spend your money for a home product. It will pay.
