*A3.15% Annual Percentage Rate (APR) as of May 1, 2001. Current rate may vary. Rate is fixed for the first five years on a 5/15 year term loan in which the rate is adjusted in two subsequent 5/15 year periods based on prevailing rates. For example, a \$20,000 loan will require monthly payments of \$118.83 for the first five years. This example is based on a \$2,275.00 loan origination fee and a \$1,000 down payment. The rate is determined by a LTV of 80% and a debt-to-income ratio of 25%. The rate is based on a 30-year term and is derived from a qualified deposit account that has been opened for at least 6 months. Subject to credit approval and a one-time \$100 loan processing fee. Other rates are available. Maximum APR is 21%. Property insurance is required. Prepayment penalty may apply. Consult your tax advisor on the deductibility of interest. Title insurance and an appraisal may be required.
