BUICK

Model 29, with Top, Glass Front and Prest-O-Lite tank, \$1250

Every Buick Car develops horse power far in excess of its rating. The roughest going presents no difficulties to the Buick, for the Buick Motor is a veritable giant in action, fully sustained by the utmost stability of every part—transmission, frame, body, steering gear, axles, shaft, differentials, brakes, springs, wheels—everything down to bolts, nuts, and cap screws. All this enables the Buick to take "low gear" hills on high gear speed, "picking up" at every yard without the shift of a lever.

In addition to all this, the Buick Motor has been so refined that all Buick models for 1912 stand in the front rank with the most silent-running cars. As every car-wise man is familiar with the unequalled racing record of the Buick, it is not necessary to mention speed.

6 Models, at prices fixed according to power and size. \$850, \$1000, 1075, 1250, 1800. One-ton Buick Truck \$1000

GOOD FIGHTING SAVES A HOUSE

Little Chemical Engine Proves its Value as a Fire Fighter

Again the town fire engine has demonstrated its usefulness, for the little chemical is credited with having saved a dwelling house from destruction Monday afternoon when it appeared that the building was surely doomed.

The house is located on Rogers street and is owned by Clyde Chamberlin. It was occupied by Steve Neuman and family.

The fire was first discovered by Mrs. Utley, a near neighbor, at about four o'clock, and she ran over and gave the alarm. Even then the flames were pouring out of the roof, and being fanned by a good breeze it seemed that there was no possible chance to save the structure.

However, the alarm brought out the volunteer fire department with the chemical and dozens of men from every part of town quickly responded. While a portion worked in a desperate effort to save the building, others assisted in carrying out the furniture and it was all saved. Lines of men with pails were established to two pumps and a cistern in close proximity and a lot of water was soon being thrown on the blaze.

The fire started from the chimney in one of the upper rooms and the roof was badly damaged, but by persistent and well directed work on the part of those who responded to the alarm the fire was finally subdued.

The loss on the building is considerable, but the furniture was not damaged, except from the rough handling it received when being hastily carried out.

Much credit is due John Clark and others from the D. U. R. for the assistance rendered by them. A car was hastily run up from the junction bringing a load of men and a lot of hand fire extinguishers which were of considerable help in extinguishing the fire.

There was some insurance on the house but none on the contents.

An Early Resident of Farmington

The following account of the death of Mrs. August W. Kynast, which is taken from a recent Saginaw paper, will interest many of the older residents of this vicinity, where she was well known years ago. When the family resided in Farmington they lived where the village park is now located and also owned the property where the German church is located.

Emeline, widow of the late August W. Kynast, passed away yesterday morning at the home of her son, R. W. Kynast, 309 Kirk street, from pneumonia and the infirmities of old age after a two week's illness. She was born in the province of Schlesien, Germany, March 14, 1822, and has celebrated all of her birthdays until the last one, when she was unable to do so on account of her illness. She was married in Schlesien in 1844 and a few years later came to this country with her husband and two children, locating with her family in Farmington, Mich., where she resided 20 years. For the past 25 years she had been a resident of this city. She is survived by her son, R. W. Kynast, five grandchildren and one great grandchild. The death of her son, O. A. Kynast, four years ago was a great shock to her and seriously affected her health. The funeral will be held tomorrow morning at 10 o'clock, Rev. F. Volz officiating. Interment will be in Forest Lawn cemetery.

ANNUAL REPORT

Of the Farmington Cemetery Improvement Association

The annual meeting of the Farmington Cemetery Improvement association was held April 9 at the home of Mr. and Mrs. M. R. Wilber with fifteen members present.

The minutes of the last annual meeting were read and approved.

A report of the annual dinner and supper was read and accepted.

The treasurer's yearly report was read and accepted.

A very interesting letter from Paul Heintz concerning the improvements in Oakwood cemetery was read and discussed. After the payment of \$5.80 dues the following officers were elected for the coming year:

Pres.—Mrs. Mignie Wilber
Vice Pres.—Mrs. Sarah Chamberlin

Treas.—Mrs. Josephine McGee
Sec.—Mrs. Florence Moore

The president appointed the following advisory board: Mrs. M. B. Pierce, Mrs. F. M. Warner, Mrs. Fina Steele.

After the adjournment a lunch was served by the retiring officers and a very pleasant social hour was spent.

The entertainment committee desires to thank those who so kindly furnished music.

ANNA COOK, Sec.

Following is the treasurer's annual report for the year, April 1911 to April 1912:

DISBURSEMENTS

1911	
May 4 C. P. Halligan, expenses	\$ 3 77

Bal. on hand	\$167 36

MARY KENNEDY, Treas.

The Great Stag Entertainment

At last the day has been fixed. The Great Stag Entertainment given under the auspices of the boys of the Epworth League is to be put on the boards of our municipal palace, rather our Farmington town hall, next week Saturday, April 27. This is to be the biggest, busiest, best burlesque ever presented by local talent. It has taken six weeks of hardest practice to get ready for it. Watch next week's paper for full program. Reserve the date please—Saturday evening, April 27.

THE LITTLE ONE BLOUSE

Now that the season is near at hand for the boys to need a new waist we recommend the "LITTLE ONE" blouse.

They fit nicely and save the bother and worry of making. Try one.

Fred L. Cook & Co.

THE SUCKER LIST

When the postoffice authorities "pulled" the Standard Securities Company, alias Wisner & Company, in New York the other day, they took away with them a wagon load of nicely engraved oil and mining company certificates and "literature" telling how to make a budding dollar blossom into many thousands.

Among the papers gathered up by the inspectors was a list of over 100,000 names of people who have bought or might be induced to buy stocks. The inspectors call it the most valuable "sucker list" in existence. Many of the names were followed by remarks showing that the persons named had a reputation for being quick to grasp the kind of opportunity which A. L. Wisner & Co. and the Standard Security Co. advertised.

The startling fact is that these people actually sold more than two million dollars' worth of this worthless stock to the public.

It would be an insult even to presume that your name is on the "sucker list," but are you sure your money is so carefully husbanded and invested as to be immune from the lure of the financial "prospects" in oil, in mines, in real estate developments, whose assets are the beautifully engraved certificate? Have you considered the ABSOLUTE SECURITY that a strong bank like the

Farmington Exchange Bank (A STATE BANK)

offers you? Have you put in the balance against prospects the CERTAINTY of the return of the principal and interest on demand? Don't get on the sucker list.

Fred M. Warner, Pres.

Sam'l D. Holcomb, Vice Pres.
C. W. Wilber, Cashier.
