New facility

Clean Air Management has moved from Davis Road in Plymouth to a larger facility at 13600 Merriman Road in Livonia. The new facility will provide the company with more office space, lab equipment and storage space, a conference room, and room to park an emergency response mobile lab van. The company will soon launch a new Web site.

"We were busting at the seams and long outgrew our old facility," says owner Jim Kukalis. "The new location is right off I-96 which gives us a central location in Southeast Michigan with instant freeway access."
