■ Try thinking of your camera as a best friend and treat it accordingly. if so, you'll enjoy a mutually rewarding and satisfying relationship that will last for many years.

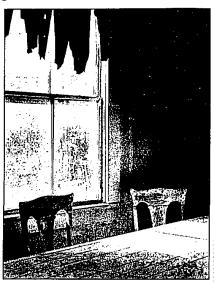

■ Don't touch the glass on the front or back of your lens. Fingerprints, if not removed right away, may eventually become permanent. Keep your lenses clean with lens eleaning tissue and lens cleaning solution.

■ Store your camera in a dry, ventilated place. The original box with its moisture-absorbing silica gel bag is an ideal means of safe storage.

■ If you're not going to shoot for a while, remove all batteries from your camera. This will prolong their life and eliminate any chance of battery corrosion that can damage your camera.

Try thinking of your camera as a best friend and treat it accordingly. If so, you'll enjoy a mutually rewarding and satisfying rolationship that will last for many years.

Monte Nagler is a fine art photographer based in Farmington Hills. You can leave him a message by disting (734)933-2047 on a touch-tone phone. His fax number is (248)644-1314.
