Pet-A-Pet Club seeks Farmington volunteers

The Pet-A-Pet Club invites pet owners to join them as they bring companionship and cheer to hundreds of people in the metro area.

Pet-A-Pet is an animal visita-tion program that began in 1986 with a handful of volunteers and has grown to over 300 volunteers and their pets that visit nursing homes, hospital rehabilitation programs, hospices and children

Volunteers in the Pet-A-Pet Club know that the benefits of the human animal bond are many and well documented.

Research in animal-facilitated therapy has shown these bene-fits to include: lowering blood

pressure through stroking or petting; relieving loneliness, boredom, depression; providing sensory stimulation, especially touch; facilitating conversation; stimulating laughter; increasing morale since pets are non-judg-mental; providing an outlet for emotional expression; and pro-viding a feeling of being loved and accepted.

If you would like to join Pet-A-Pet volunteers in bringing these benefits to people in your com-munity, call Ruth Curry at (313) 535-0410. No special training is necessary for pets or volunteers; however, pots should be friendly and must have current vaccina-tion records.Pet-A-Pet visits are scheduled once a month and last one hour.
