## THE TRAVELOGUE MADE A BIG HIT

Half Was Crowded and Many Were Obligated to Stand

Mr. Warner's Travelogue was attended by a crowded house last Saturday evening in the town hall. Every chair was occupied and over fifty people stood up. It looks as if we'll soon need a larger hall in town. Mr. Warner's description of the places visited on the trip to Panama was certainly well done; his delineation of the character and customs of the people visited in the south being very entertaining, humorous, as well as profitable.

The splendid description of the work on the canal itself was of great profit to all. Wm. A. Dobay, at Mr. Warner's request, described the pictures shown on the canal and its work. This was very interesting as well.

The pictures shown up very well indeed and added much to the profit and interest of the evening.

The musical part of the program was well rendered and much enjoyed by those present.

Among the out of town people who were at the Travelogue were Mr. and Mrs. Wm. C. Dobay, Mr. and Mrs. Patrick Fitzpatrick of Detroit; Mr. and Mrs. Elmer Dobay of Clarenceville; Mr. and Mrs. F. S. Neal of Northville; Grant Smith of Detroit and many other members of the Panama party, honorable Sir Knights of the "Sassaparilla Club."

The Epworth League cleared about \$25 out of the evening, incidentally.

## Commencement Week Events

The teachers have planned a full week for commencement this year. The following events are scheduled:

On Sunday evening, June 16, Rev. R. M. Pierce of Northville will preach the baccalaureate sermon at the M. E. church. Special music will be rendered by the ladies quartette choir.

On Monday, June 17th, Supt. Goodrich will conduct special examinations at the high school.

Tuesday evening, June 18, the Juniors will give the Seniors a farewell reception at the home of Mr. and Mrs. Chas. Roediger.

The Senior class day exercises will be held in the M. E. church on Wednesday evening, June 19. Promotion exercises will take place in the town hall Thursday evening, June 20.

Friday evening, June 21st, the commencement exercises will be held in the M. E. church.

The grade teachers are planning picnics and excursions for the various departments during the closing week.

The following features will appear during the commencement programs:

Pierson's orchestra, assisted by Miss Myrtle Matland, clarinetist, of Detroit. The High School will render various solos and duets and the Girls' High School chorus will sing, unaccompanied, with Murray L. Moore as conductor.

Hon. Henry R. Pattengill, superintendent of public instruction, will deliver the class address.

Ex-Governor Warner will present the diplomas and Rev. G. E. Gullen will appear on the program. Full announcement and programs will be published later.

DeC. R. Evans and son-in-law, Ed. Taylor, of Northville have purchased Chas. Wixom's farm north of town. Mr. Wixom takes the Evans house and lot in Northville in exchange.

## BOYS PLAYED WELL LAST SATURDAY

led the Big Wayne Team Until the Last Inning

Wayne's heavy team visited Farmington last Saturday and got our scalp again. Score, 2 to 5. The score in Wayne, you remember, was 4 to 12 in Wayne's favor. So you see we're gaining on the big boys anyway.

The game here last Saturday was a very thrilling one to witness. Our high school boys played a regular grandstand game for the first seven innings, leading the Wayne men to the comfortable score of 2 to 0. It was in the very last innings that Wayne got all her lead, gathering in three runs right there, while Farmington at the last minute failed to connect at all. It seemed pretty tough to lead all the way and then lose in the 9th, but such is life.

Our little team is doing good work anyway. We are playing bigger and stronger teams than we ever played before and holding our own pretty well, just about breaking even. The game Saturday everybody declared to be the most interesting game witnessed this season. Johnson pitched his usual steady, good game for Farmington. Davis wore the big mitt behind the batter.

## Memorial Day Services

The Memorial services held in the M. E. church last Sunday morning for the veterans of the G. A. R. was well attended and proved interesting and profitable. The ranks of the Grand Army are growing thin. Only five veterans were present representing the Marshall Beach post, Mr. Philbrick being ill. The church was nicely decorated with flowers, flags and bunting suitable for the occasion.

## The Michelin Universal Repair Kit

A very compact but complete tire and inner tube repair kit has just been added to the wide variety of accessories supplied by the Michelin Tire Co., Milltown, New Jersey. The substantial metal containing box measures only 6x3x 3 1/2 inches, yet a liberal supply of repair material is included, such as 2-ounce cans of Michelin Mastic and cement; an envelope containing 6 assorted red Para inner tube patches; an inside envelope or "blow out" patch, and a good sized piece of emery cloth as well as a box of Michelin Talc.

A feature of this new repair kit is a very complete 32-page illustrated booklet full of practical instructions for making all sorts of quick and permanent repairs to tires and inner tubes. This booklet also contains many hints for tire-users and suggestions that have developed during Michelin's long experience.

Michelin Mastic, one of the accessories in this new repair kit, is a quick-hardening plastic cement for filling cuts in envelopes and repairing punctures in inner tubes. It is not simply an adhesive, but is a plastic compound or filler which replaces torn rubber, making a perfect repair as it practically renews the injured parts. Michelin pure gum cement is also particularly adaptable and is an enduring adhesive. The red Para patches supplied with this new kit are of standard Michelin quality, beveled at the edges to prevent curling when cementing.

The semi annual election of officers of the Farmington Epworth League will be held next Monday evening, June 3, at the parsonage. A full attendance is requested.

*Queen Quality* SHOE

"Queen Quality"—just like other shoes? Not at all! Got that made-to-order look. That glove fit—that exclusive style. Others don't compare with them

FRED L. COOK & CO.

## Bottled Sunshine

This isn't a sermolette, but a story; a story that will earn social ostracism for you if told in South Jersey.

Down at Bridgeton the business men got all het-up over the prospects of locating the manufacturing plant of the "Sun Electric Generator Company," and they invested \$35,000 in the stock of as rank a swindle as ever emanated from "Get-Rich-Quick Wallingford."

It was the simplest thing ever. Just put a storage battery on the roof and let the sun rays generate electricity to light the house at night. The bottlers of sunshine are now in jail, but it developed that not a savings bank depositor had bought sunshine stock. Their money is still working for them in some strong bank like the

## Farmington Exchange Bank (A STATE BANK)

Better bottle your greed for impossible interest and generate energy in our savings department.
