Believing In Advance

There are many ways in which we can put our faith into action. One of the most obvious ways is by believing in advance of the evidence and acting as if the outcome is assured. Think of the many ways in which this sort of thinking promotes our goals in everyday life. In sports and other types of competition, the one who believes that they will win usually does. Likewise, in social interactions, the person who believes that they are going to like someone they are meet will probably like them, because this cause them to treat the person in a friendly spiritual realm, those who believe ardently someday find a place in heaven are more fit like saints than like fallen angels. Believe the things that you aspire to and you will meet with success by consciously working to make that belief a reality. Believe that you will someday be among the saints in Heaven, and by putting your faith into action, you will be advancing along that blessed road.

Now faith is the assurance of things hoped for,
the conviction of things not seen.
