DO SOMETHING DIFFICULT

With all of the labor-saving devices present in our modern world, it is possible that life has become too easy. This is not to suggest that modern life isn't complicated. Surely, knowing how to use all of the modern machines and technology may be complicated, but life has never been easier or more convenient. However, the ease with which we can communicate, travel and receive goods and services does carry with it some disadvantages. In a world where people expect their dinner to be ready in five minutes or the patience and hard work required to create a home-cooked meal may be lacking. When you can dash off a brief e-mail message to all of your family and friends in a minute or two, the time and effort required to actually write a meaningful letter may seem like too much bother. And when information can be had at the click of a mouse, the old-fashioned reading of books seems almost quaint. There is nothing wrong with using modern technology to improve our lives, but doing something difficult — the "old-fashioned way" — often can be more gratifying and meaningful. God wants us all to be productive, and working hard as well as praying hard is beneficial to our well-being.

In all toil there is profit, but mere talk tends only to want.
R.S.V. Proverbs 14:23
