CAN YOU READ THE SIGNS?

If we know more about nature and the laws that govern it, we would be better at reading its signs. Weather forecasters are better at predicting the weather than they used to be because they have more information at their disposal and know more about how weather systems work. Likewise, if we know more about psychology, we would be better at predicting people's behavior. There is a reason for everything that happens in the world, but with our finite intellects, we are often not aware of the reason. Occasionally, we will get glimpses of the unseen interconnectedness of things. For example, when we get the urge to call someone we have not thought about in a long time, we may wonder why this person all of a sudden came to mind. Sometimes it seems like God gives us reminders or hints by putting thoughts in our mind or by placing us in "providential" situations. We live in a world filled with signs, both natural and spiritual. The natural signs tell us what plants, animals and the weather will do; the spiritual signs tell us what God wants us to do. Therefore, we should always be receptive and attentive, especially to God's spiritual signs.

You know how to interpret the appearance of the sky,
but you cannot interpret the signs of the times.
R.S.V. Matthew 16:3
