Good Bread

is not always made from good flour. Sometimes, quite often, in fact, the fault is with the cook. But while poor bread is often made of good flour, good bread is never made of poor flour. The best cook in the land cannot do it. She must have the right flour and we recommend and warrant our PEERLESS brand for either Bread or Pastry. Spend your money for a home product. It will pay.

A VERY PECULIAR GAME OF BALL

Farmington Played a Team of
Deaf Mutes from Detroit
Last Saturday

The Farmington Independents played base ball last Saturday on the home diamond with a team of deaf mutes from Detroit. The visiting team called themselves the Silence club. In spite of their pitiable affliction these "quiet" ball players seemed lively and even enthusiastic. Their shortcomings were not without advantages either, for they could pass the "high sign" from player to player in the field and no opponent one whit the wiser. It was the strangest of all to see the weird pantomime of "Silence" brothers went through when the umpire's decision did not please them. Their objections were never noisy, but "finger talk" can sometimes be very emphatic nevertheless. Everything went off smoothly however. The noiseless players were gentleman all and played pretty good ball. Our veterans defeated them though, 3 to 7. Wilmer Johnson pitched for Farmington.

Gullen Got the "Stove Pipe"

Rev. Gullen attended the annual M. E. Sunday school picnic, composed of six M. E. Sunday schools of Detroit and the M. E. ministers of Detroit district, last Saturday to Tashmoo park. Over 5000 persons attended this giant picnic. The management of the sports for the day had arranged for a 100-yard dash for the ministers, prize a \$7.50 silk hat. The Farmington pastor was fortunate enough to secure the hat, but, we understand, his opposition was mostly all "fat, fat and forty," which explains some things.

The Water Plant Progresses

The large steel water tank for the water works was unloaded and placed in position this week. It is a mammoth affair with a capacity of 11,000 gallons. The work of unloading and erecting was entrusted to a Detroit concern.

All the other machinery is on hand and the work will go forward at a rapid pace from now on. Mr. Dillon, who represents the company which furnishes the outfit, assures us that Farmington will have a fine, modern plant when it is completed.

"The Measure of a Man"

Rev. Ralph Pierce of Northville delivered a most eloquent and greatly beneficial address to the graduating class of Farmington high school last Sunday evening in the M. E. church. Mr. Pierce's topic was "The Measure of a Man." No one could listen to such a masterly address without being greatly helped. He is a fine example of the christian gentleman and is doing splendid work in Northville, where he is greatly beloved.

Quarterly Conference Postponed

District Superintendent Dr. C. B. Allen has sent word that he cannot hold Farmington M. E. 4th quarterly conference as early this week as he had first announced. The conference has therefore been postponed from Tuesday, June 18, to Saturday, June 22. Let every official kindly note this change and plan to be present if possible Saturday, June 22, at 3:00 p. m. at the M. E. parsonage.

The council audited and allowed a batch of bills at its session held Monday night and also released Mr. Beach, who was here to assist in laying the water pipes as a sort of an expert. His work was not satisfactory and his services were accordingly dispensed with.

Bottled Sunshine

This isn't a sermonette, but a story; a story that will earn social ostracism for you if told in South Jersey.

Down at Bridgeton the business men got all het-up over the prospects of locating the manufacturing plant of the "Sun Electric Generator Company," and they invested \$85,000 in the stock of as rank a swindle as ever emanated from "Get-Rich-Quick Wallingford."

It was the simplest thing ever. Just put a storage battery on the roof and let the sun rays generate electricity to light the house at night. The bottlers of sunshine are now in jail, but it developed that not a savings bank depositor had bought sunshine stock. Their money is still working for them in some strong bank like the
