### CONSPIRATORS KILLED.

The inhabitants of a house in The inhabitants of a house in Valencie, Eastern Spain, have recently spent their time in manufacturing gunpowder secretly. One morning, not long ago, they were nilling powder on a threshing-ground behind the house. Suddenly, owing to some unknown cause, the powder exploded, fatally burning an old man, and his two young sons. The scene was awful, and the neighbors, who were aware of the sons. The sche was aware of the existence of the secret manufactory were afraid to approach the place. The house took fire, and the contents also blew up.
