

Bottled Sunshine

This isn't a sermonette, but a story; a story that will earn social ostracism for you if told in South Jersey. Down at Bridgeton the business men got all hot-up over the prospects of locating the manufacturing plant of the "Sun Electric Generator Company," and they invested \$35,000 in the stock of a swindle as ever emanated from "Get-Rich-Quick Wallingford."

It was the simplest thing ever. Just put a storage battery on the roof and let the sun rays generate electricity to light the house at night. The bottlers of sunshine are now in jail, but it developed that not a savings bank depositor had bought sunshine stock. Their money is still working for them in some strong bank like the

HOME MAKING

The first step in buying or building a home is the Savings Account.

Everybody should have a home of his own. A savings account with this bank, with regular deposits from the income, will provide the money for the first payment upon one.

The sooner you begin, the sooner you will live in own home.

BERTO A. HOLDEN

CANDIDATE

for the Nomination on the
Republican Ticket for

STATE SENATOR

From the 12th District

THE FARMER CANDIDATE
THE LABORING MAN'S CANDIDATE
THE BUSINESS MAN'S CANDIDATE
THE PEOPLE'S CANDIDATE

He stands for the initiative and referendum, a state wide primary, civil service in all state departments, good roads, good schools and election of United States Senators by the people.

If nominated and elected he guarantees a square deal to every person and every interest.

A vote for him at the Primary, Tuesday Aug. 27th, is a vote for clean politics and honest government.

PLANNING FOUR BIG SUNDAYS

Rev. Gullen to Close His Farmington Pastorate With a Whirl of Good Things

To end the conference year the M. E. church is planning for the four biggest Sundays of the whole year. The church should be interested in all phases of human life and human development. The church too often neglects the economic side of our life. Realizing this the Farmington M. E. church is planning to have four different phases of this economic side emphasized during the next four Sundays.

Next Sunday, Aug. 25, is to be known as Woman Suffrage Sunday. This is economic with a vengeance. A woman preacher of international fame is to speak—(Rev.) Dr. Ida Hultin of Boston. On the evening of the same day another phase of economics is to be presented by Rev. William Rice of McGregor Mission, giving his famous lecture, "When a Man is Down."

The following Sunday, Sept. 1, is to be known as labor day. A. Entenza, attorney-at-law, a famous American labor leader, and at present attorney for the defense in the trial of the Philadelphia dynamiters, is to be the speaker. See a big, special notice of this in next week's paper.

Sunday, Sept. 8, is to be Flower Sunday. On that day it will be shown that even the stern science of economics has an aesthetic side.

Sunday, Sept. 15, is to be "Civic Health" Sunday. Dr. Keifer of the Detroit Board of Health, a man so wide-awake, so learned and so useful in civic health reform, that our great state university recently honored him with extra doctor's degree, will speak.

Watch for special announcement week by week.

Letter From Congressman Smith

To the Editor:
Permit me to thank you for the privilege of speaking to your readers through the columns of your paper. No doubt they are aware of the fact that I have opposition for my reomination for congress.

It remains for the republicans of the 6th district to decide whether they care to be long represented by a republican who has had several years of legislative experience and who has sought at all times and under all circumstances to extend every kindness and courtesy possible to all his constituents, or one who I am sure makes no claim to having had any legislative experience, whatever. In a word and in all kindness I respectfully ask the republicans to look up the fitness and qualifications of my Republican opponent and decide for themselves.

Owing to the fact that congress is still in session, I have been handicapped in making my contest, believing it to be my duty to remain in Washington during the closing hours of the session, rather than to return to Michigan to look after my contest at the primaries. I believe this course will be much more satisfactory to my constituents and for this reason I shall all the more appreciate the efforts of my friends in my behalf.

I hope every republican will be at the primaries August 27th, using his influence and vote for my reomination, which will be greatly appreciated.

Sincerely yours,
S. W. SMITH

FARMINGTON TRIMS CITY TEAM, 3 TO 0

Locals Play a Fine Game With Burnham-Stoepels of Detroit Last Saturday

Farmington defeated the gentlemanly team from Burnham-Stoepels on the home diamond last Saturday afternoon. Quite an unusually large crowd witnessed the interesting game. The score was 3 to 0 in Farmington's favor.

Wilmer Johnson's pitching for Farmington was the feature of the game. Wilmer gets more stuff on his ball every game. He certainly has more than the "makings" of a good pitcher. He's some pitcher right now. Maas got them down to second in good shape, too, last Saturday.

Pierce pulled off one of his favorite center field stunts, pulling down, while running at top speed, a straight swift drive to center. He had to get it with an overhand reach at that. It tickled the gallery all right. All our boys played good ball and that youth, Clinton Wilber, was as good as the best of 'em. We've heard of the "never waser" and the "has-been" but Mr. Wilber is the first "always ser" we've ever met. It's a fine, good thing. It would be a good thing if all our business men played ball. It keeps you young and healthy and happy. Let's play ball.

The box score was as follows:

	A.	B.	H.	R.	E.
Farmington	4	0	0	0	0
E. Wolfe, 2nd B.	4	1	1	0	0
Warner, 3rd B.	4	1	1	0	0

Seeley-Disbrow

A very pretty wedding occurred at the home of Mr. and Mrs. Guy Disbrow in Clyde on August 15, when their eldest daughter, Lula (aunt) was united in marriage to Claude W. Seeley of Novi. Miss Blanche Disbrow, sister of the bride, acted as bridesmaid and Guy Seeley, brother of the groom, as best man. The ceremony was performed in the presence of the immediate families by Rev. Nickerson of Milford, the ring ceremony being used. They received several beautiful and useful gifts. After a short wedding trip they will be at home after Sept. 1st at Novi.

Manner of Voting at Primary

Voters should remember that the manner of voting at the primary is something different than at a general election. At the primary you cannot put a cross in the circle at the top and complacently fold up your ballot with the consciousness that you have voted a straight ticket. A cross must be made before the name of the man you want to vote for for each office. Don't make a mistake and vote for more than one for an office, but look them all over carefully and make your choice accordingly.

OUR SHOE SALE A BIG SUCCESS

We told you two weeks ago that we were going to give you some

SHOE BARGAINS

and we meant just what we said. 25 to 33 1-3 per cent means quite a saving on a pair of shoes and a great many have taken advantage of this cut during the past few days. We intend to continue this sale for two or three weeks more and trust many of you who have not yet called on us will find it convenient to do so during this time. All odds and ends must go, even though it means a loss to us, and some one is going to reap the benefit. Don't fail to get in line.

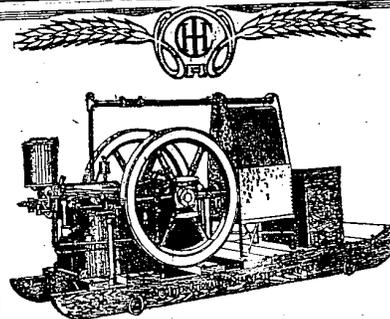

Yours for business,

GENERAL REPAIRING

Costs You Nothing When Idle—
Almost Nothing When It Runs

WHEN an IHC engine is at work, it is the cheapest dependable power you can use; when not working it costs you nothing. It will work just as hard at the close of the day as at the start—will work overtime or all night just as readily. It is ready to work whenever you need it; always reliable and satisfactory. You can use an

IHC Oil and Gas Engine

to pump water, to run the wood saw, cream separator, churn, grindstone, washing machine, feed grinder, corn husker and shredder, silage cutter, or any other farm machine to which power can be applied.

IHC oil and gas engines are constructed of the best materials; built by men who know what a good engine must do; thoroughly tested before leaving the factory.

They are made in all sizes from 1 to 50-horse power; in all styles—vertical and horizontal, air and water cooled, portable, stationary and mounted on skids, to operate on gas, gasoline, naphtha, kerosene, distillate or alcohol. Kerosene-gasoline tractors, 12 to 45-horse power.

Ask the IHC local dealer to show you an IHC engine and explain each part, or write for catalogue and full information.
