If your message isn't in front of the people who are ready to buy,
it's like an empty store window.

What's the best way to reach the people who are ready to buy what you have to sell?

Our network of newspapers:

- When, without prompting, more than eight in 10 adults choose newspapers as their primary source of local shopping information...
- When more than three in four adults agree that newspapers are their "most useful" source of shopping information...
- When more than six in 10 adults say they look at newspaper advertisements *before* they shop...
- When we reach more homes in our hometowns combined than any other newspaper

...it's time for you to make us a big part of your advertising strategy.
