Abram V. Smith, Civil War veteran, died at the home of his granddaughter, Mrs. Agnes Welsh of 544 Hollywood avenue, Detroit, on Tuesday of heart trouble. He was confined to his bed only a few days before his death.

Mr. Smith, had he lived, would have been 84 years of age in May, being born in Bowling Green, O., May 19, 1845. He enlisted in Grand Army of the Republic at the age of 17, was captured by the Confederate Army and sent to Libby Prison. # 6 reasons why we recommend INDIAN RED for your car

4 Because it completely mixes with air in the manifold, leakage of unburned liquid into and out of the cylinders is eliminated. This permits lean carburetor adjustment which reduces gas consumption. More miles per gallon!

You can identify Indian Red by the pump globe and the harmless red dye used to give a distinctive color.

- 1 It is BOTH 100% petroleum product and anti-knock.
- 2 It gives instant response to BOTH starter, and accelerator.
- 3 It instantly mixes with air in the manifold and makes a "dry" gas.
- 4 More miles per gallon.
- 5 Longer engine life-less oil dilution.
- 6 Absence of gum forming elements.
