A Popular Table Combination

BOTH

The Hanksraft Electric
EGG COOKER

Manning-Bowman

ELECTRIC TOASTER

Appliances for

\$8⁴⁵

DELIVERED FOR ONE DOLLAR
BALANCE \$1 PER MONTH

HERE is an unusual opportunity to own these desirable table appliances, and at the same time effect a substantial saving.

Toast—rich, golden-brown, crisp to a turn, and tempting as only electrically made toast can be. Eggs that taste just like the old-fashioned coddled eggs, cooked evenly throughout and just as you like them! Enjoy these two, made right at your table—simply, quickly, conveniently.

The Hanksraft Electric Egg Cooker operates on the principle of passing electric current through water. The electricity turns the water to steam and cooks the eggs. When the water is gone the eggs are done and the current is shut off. For eggs soft-boiled, use two teaspoonsful of water; for medium-boiled, three teaspoonsful; for hard-boiled, five teaspoonsful.

Appliances purchased from us are guaranteed
