

Numbering of Houses

On New Basis Finished

Numbering of houses in Farmington City and Township has been completed by the Detroit Edison Company, and the entire area is now numbered on the basis of the Detroit system.

Residents in the city are asked

by Thomas Holmes, who has had charge of the work for the Detroit Edison Company, to remove the old numbers on their houses as soon as possible. The presence of two sets of numbers is certain to cause confusion, Mr. Holmes states, and early removal of all numbers will be a great advantage to all.

HAS NEW "ROOF GARDEN"
S. A. Engel has enclosed the balcony on the second floor of his barbecue restaurant at Farmington Junction providing a "roof garden" effect for those of his patrons who enjoy out-of-door dining in summer. Al Reichlin's orchestra now plays every night except Monday at Mr. Engel's place.

With 13 trumps Jim Fletcher of Denver got to take only one trick. He had to trump the ace of his partner, who then shot him.

**Performance Counts!
Watch the new Ford
on the hills, in traffic,
and on the open road,
and you will know that
it is a truly great car**

THE minute you see the new Ford car you will be delighted with its low, smart lines and the artistic color combinations. There, you will say, is a truly modern car. But a still greater thrill awaits you when you slip into the roomy seat behind the wheel and start away for your first ride.

You will like the feeling of power that the new Ford gives you—the comfortable, prideful feeling that comes from having a car worthy of any occasion and equal to every emergency.

You will like the flexibility and safety of the new Ford car as you weave in and out of traffic—its flashing pick-up as the light turns green and the sign says "Go." You will like its smooth, quiet steadiness on the open road where you can lazy along according to your mood, or do 55 and even 65 miles an hour if you desire. The new Ford has unusual speed—no doubt of that!

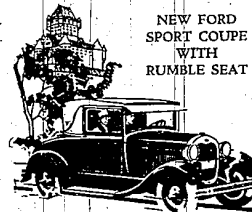

There are still other reasons why the new Ford car is a great car to own and drive. Three important reasons that mean a great deal to you: *reliability—economy—long life.*

THE NEW FORD
TUDOR SEDAN

The new Ford is made to stand up under thousands of miles of steady running over all kinds of roads, and save you many dollars in repair bills.

Come in and see this great new car. Inspect it carefully—part by part. Then know the thrill of driving it. By its performance you will realize that there is nothing quite like it anywhere in design, quality and price.
