FORTY-FIRST YEAR—No. 36.

THE FARMINGTON ENTERPRISE, FARMINGTON, MICHIGAN, THURSDAY, JULY 11, 1929

5 Cents a Copy; \$1.50 A Year

SCHOOL CHILDREN TO BE ADMITTED TO FAIR FREE ON SEPTEMBER 3

One hundred thousand coupons, each entitling a school child to free admittance on Tuesday, September 3, to the Michigan State Fair, to all major attractions and all exhibits, will be published during the summer in the State Fair's advertisements in Michigan state papers.

Four hundred thousand tickets, similar in purpose, have been distributed to public and parochial school children, newsboys and children in orphanages in the Detroit area, where acceptance of the invitation as guests of the Fair management is expected to be greatest. The coupons for children outside the Detroit district were selected to permit of the widest, easiest distribution. Coupons or tickets also entitle the holders to pay only a nickel admission to each Midway show and ride or for ice cream, soft drinks and sandwiches.

The State Fair, the 80th annual exposition, will be held from September 1 to 7. Sunday, the opening day, has been designated "Patriotic and Fraternal Day"; Monday as usual, "Labor Day"; Tuesday, "Young Michigan's Day"; Wednesday, "Governor's Day"; Thursday, "Farmers' Day"; Friday, "Detroit Day" and Saturday, "Automobile Race Day." Copies of the official program are now in the hands of the fair officials and are available to any prospective exhibitor.

THE PUPS' PUPS' PUPS

If, according to the rosy stories of the fur farm promoters, all of the foxes and muskrats and rabbits had all of the "pups" promised, and all of the pups had their pups, and if the pups' pups had still more pups, it would be literally impossible to cross Woodward avenue without stumbling over them.

These animals are usually sold to the general public in matched pairs—at prices representing several times their intrinsic market value. "Buying them is a sure road to wealth over-night," according to the salesman.

If, as the salesman claims, there are easy riches in raising and petting these animals, you might ask him why he continues to sell them as breeders at grossly inflated prices. Ask him how many actual animals his particular firm has pelted. Is it all just an endless-chain affair, for which the public must eventually pay in the loss of well-earned dollars?

These contracts which call for a pooling of the young or a division of them on a percentage basis, are, in the opinion of the Bureau's counsel, "securities" within the meaning of the State's Blue Sky Law.

Have these contracts been qualified under that law? Have these schemes been successful from the standpoint of the small investor? Get the facts first.

Before You Invest—Investigate!

Mrs. Charles Syphax of Terra Haute, Ind., is the guest of Mr. and Mrs. Emerson Ault.

Mrs. Margaret Davis celebrated her 79th birthday Tuesday and was presented with a big bouquet of roses by Little Elizabeth Mercer.

CHEVROLET PRODUCES 845,469 OF NEW SIXES

Reflecting the ever-widening appeal of the low-priced six cylinder automobile, the Chevrolet Motor Company, on July first, had produced 845,469 six cylinder cars. June was a heavy contributor to the achievement. Output for the month was 151,297 cars and trucks—nearly 20,000 units greater than the best previous June on record.

Commenting on the succession of records that Chevrolet has been establishing since the introduction of the new six January 1st, W. S. Knudson, president and general manager, explained that from a manufacturing standpoint Chevrolet was not constantly aiming at new records—that production is governed at all times by demand. "Record public acceptance of the new six," he said, "has made necessary record performance on the part of our sixteen factories. The automobile buying public has been the dictator of our manufacturing pace."

Mr. Knudson declared that the summer production level will be considerably higher than in former years. He called attention to the fact that in practically every section of the country dealers are still behind orders and that demand in other sections continues to absorb the dealer supply almost as rapidly as cars are received from the factory.

Southfield Community Redford 0699-M

The new members elected to the school board for a term of 3 years at the annual school meeting Monday evening is H. B. Kennedy, who succeeds Joseph W. Doe whose term has expired. The board announced at that time that one new teacher will be added to the staff this year, making nine teachers beside the superintendent, Guy E. Joy.
