DRUNKEN DRIVER HITS WRECKER PULLING CAR AWAY AFTER ACCIDENT

Miss Ann Sandusky of Commerce Lake escaped injury when her automobile was struck by a Pennsylvania car on the curve at the corner in front of the home of Joseph Jeannotte at Walled Lake Sunday evening. Miss Sandusky was travelling toward Detroit and the other car, reported to have been cutting the corner, was going to Walled Lake. No one was injured and the insurance company representing Miss Sandusky has attached the other car claiming damages.

While the wrecking-car from the J. L. Taylor garage was pulling Miss Sandusky's machine from the ditch, an automobile driven by George Eckles came around the corner, crashing into the service car, damaging the Eckles machine and injuring Eckles slightly. His wound was dressed by Dr. E. J. Lindsay of Walled Lake and he was then taken to Pontiac by Deputies Coe and Schmidt. When arraigned before Judge Holland he pleaded guilty to the charge of driving while drunk.

He was fined \$100 or fifty days

and his license revoked for 90 days. His companion, George Niemy, was found guilty of being drunk and fined \$10 or five days. Fortune smiles at few and George laughs at many. Try an Enterprise Limer.

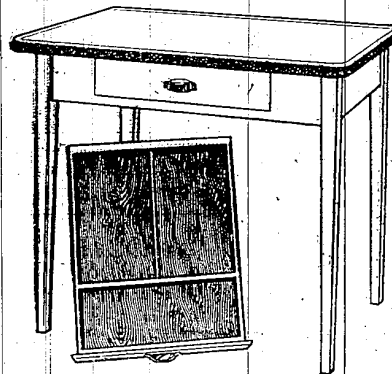

This is one of a series of sculptural masterpieces appearing on the tombs of the Comensate Stadelino (Cinerary) in Genoa, Italy. A work of Rota representing a monk as the ascetic soul, reading the funeral ritual prayers.

THE EXCEPTIONAL FUNERAL IN EQUIPMENT AND DIRECTION

On every funeral, there is exercised the utmost care, the most generous service and attention to details. No matter how large or small, the funeral is conducted with dignity, care and consideration.

More Cars Run on Goodyear Tires Than on Any Other Kind

So great is Goodyear popularity that every year Goodyear makes thousands more tires than any other manufacturer. A leadership that for ten years has gone unchallenged. Goodyear supremacy was won upon the road, where performance is the only judge.

This supremacy was won by concentrating the resources of the world's largest rubber manufacturer in a tire that would do what was actually claimed for it—out-perform any other tire on the road. It was won by selling at FAIR PRICES—without seeking business at cut prices—and cut quality.
