Woman Loses \$100

Berry Money; Reward

A loss which is deeply felt was suffered by Mrs. Joseph Reimer living near Walled Lake, on Saturday. Mrs. Reimer, arriving home from the village discovered her pocket book containing over \$100 was missing. She immediately retraced her course in an endeavor to find it, but was unsuccessful. The money represented the earnings from her berry crop this summer.

A man, driving a Buick car, was seen to pick up the pocket book and an effort is being made to find the man. Mrs. Reimer's driver's license and other papers in the pocket book would indicate to whom it belonged.

She has offered a reward and if she gets the money back will be satisfied "and no questions will be asked."

CHEVROLET ANNOUNCES TWO NEW CAR MODELS

Rounding out its line of six cylinder, valve-in-head cars, the Chevrolet Motor Company announces two new closed models—the Imperial sedan and the sport coupe. Officials point out that despite the scores of improvements incorporated in these new models prices have been kept within the low Chevrolet price range, the Imperial sedan listing at \$695 and the sport coupe at \$645, both f. o. b. factory, Flint, Mich.

The new Imperial sedan is introduced because of a widespread demand for a style car in the low-priced field. On this model the famous Fisher Body designers have lavished their skill with very noticeable success. It has smart concave front pillars with a richly molded vision and in the back the rear quarters are stylishly fitted with landau bows. The interior is smartly upholstered in deep tufted plush, and the car is equipped with an adjustable driver's seat, and other items commonly found in smart cars of this type such as completely equipped instrument panel, smoking set, etc. It is finished in lustrous black with moulding in Sargaw green and striping in tusk ivory. Exterior bright work, such as radiator, head lamps, and landau bows are chromium plated.

The new Sport coupe is also offered in response to a demand for a style car for two passengers, and includes a comfortable rumble seat in the rear and a rear window that is easily raised and lowered by means of a convenient Turnstedt regulator.

Introduction of these two models comes simultaneously with the announcement that more than 950,000 of the new sixes have already been delivered into the hands of owners and that Chevrolet factories are operating on the biggest summer production level in the history of the company.

Production of the new models has been underway for several weeks. Meanwhile thousands of the new cars have been shipped to dealers. Officials predict that the entire nation-wide dealer organization will be supplied with the new cars in two weeks or less. In many of the larger centers, the new cars are already on display.

As a result of the introduction of these two new models, the Chevrolet passenger car line embraces seven cars, five closed and two open models.

The Difference With FOUR SPEEDS FORWARD

[Two High Speeds—Standard Gear Shift]

FIVE CHASSIS—SIXES AND EIGHTS
\$895 to \$2495

Car illustrated is Model 615, six cylinder Roadster (with Rumble Seat) Four Speeds Forward, \$1195. All prices at factory—special equipment extra on all models.

Some owners say they enjoy most the thrilling performance of two high speeds; the silent, smooth swiftness of fourth; and the rapid and quiet acceleration of third. Others speak of the infrequent gear shifting in traffic, and the ease with which the car handles. Many emphasize the economy and long life of an engine and other moving parts which run more slowly at all road speeds, lessening wear and strain on both motor and chassis. You are invited to enjoy a demonstration.
