This new Ford Sport Coupe combines smart style with unusual speed, safety, comfort and economy. Smart, trim and rakish, with a quiet simplicity of line that you will appreciate. Rumble seat standard.

Give a thought to up-keep cost when you buy your new car

THE new Ford car is a good car to own and drive because of its low up-keep cost. It has been built to endure—to stand up under thousands of miles of steady running over all kinds of roads.

Reports of its reliability come not only from Ford owners, but from experienced garage men and mechanics, large industrial companies, and officials of Drive-It-Yourself concerns which keep definite day-by-day

cost figures. As a matter of fact, the economy of the new Ford is as unusual as its beauty, speed, safety and comfort. The quality that has been built into every part will save you many dollars each year in repair bills.

In other words, you save money when you buy the new Ford and you save money every mile you drive. That's something to think about when you are buying a motor car.

Roadster, \$450 Phaeton, \$460 Tudor Sedan, \$525 Business Coupe, \$525 Coupe, \$550 Sport Coupe, with rumble seat, \$550 Fordor Sedan, \$625 (All prices f. o. b. Detroit, plus charge for freight and delivery. Bumpers and spare tire extra.)
