Would a Change Benefit You?

Do YOU want a change in the administration of our National Government?

This is at PERSONAL QUESTION

While your vote affects the welfare of every man, woman and child in this land, yet the question for you to decide is, what is best for YOU?

Did you ever stop to think that if every voter in the United States selfishly cast his vote for the men and things which would bring him the greatest PERSONAL bring him the greatest PERSONAL PROFIT, that the NET RESULT would be of greatest benefit to the MA-

This is true, isn't it?

Then the thing for you to do right now is to sit down and figure out just what is the most profitable thing for YOU. Then you will have decided, indirectly, what is most profitable for the nation.

You live in Michigan. For the past 1 ou tive in Nitchigan. For the past four years you have faced conditions which are either conducive to your PROSPER-ITY and HAPPINESS or you have been confronted by conditions that beckon HARDSHIP and DISAPPOINT-MFNT

President TAFT has for over three years guided the ship of state over a course and according to tharts accepted by Republicans as most likely to land the PEOPLE safely into the larbor of peace, contentment, material happiness and pros-

Has Mr. TAFT been a true PILOT? Are YOU ready to mutiny? Will YOU be deceived by the flickening light of a \$\frac{3}{4}\$ FALSE BEACON?

Let us determine just what progress has been made under a Republican adminis-tration, not by rehearsing fulsome generalitration, not by rehearing tuisome generalities about shops running full time, mines operating all shifts, factories working to capacity, workingmen getting high wages and the farmer receiving higher prices, but and the farmer receiving higher prices, but and the farmer receiving higher prices, but and the farmer receiving higher prices.

The wise man votes for what is best for Do you know that those employes residually and those he holds dear to ceived an average of \$2.23 per day in phining 1911? And do you know that the average daily wage was \$1.26 in the dark days of 1894?

A vote for William Howard Tata

Do YOU want a change?

Hours of labor?

The average number of hours work exacted from each employe in 1894 was 10.9. In 1911 it was reduced to 9.9.

Although the day's work is one hour LESS, the day's wage is nearly ONE DOLLAR MORE. And the total amount paid in wages in Michigan in 1911 was nearly SEVEN MILLION DOLLARS IN EXCESS of the total amount paid to labor in 1894.

But the FARMER, you may say, how has HE been benefited?

The price of wheat in 1894 was 53 conts; NOW it is \$1.06. Corn WAS 36 cents while PRESENT quotations are 66 cents per bushel. Oats, barley, rye, hay, butter, cheese, eggs, and milk have nearly doubled in value. Horses, cattle, sheep and swine have greatly increased—nearly doubled-in value.

And conditions throughout the entire country compare with those of Michigan.

The amount of money in circulation has increased approximately \$3 for every mans woman and child in the United States during the Taft administration.

The total bank clearings increased from \$138,823,000,000 during Roosevelt's administration to \$153,369,000,000 under Taft rule.

The total amount deposited in banks under three years of Roosevelt was \$11,667,000,000. During three years of Taft's occupancy of the White House they amounted to \$14,531,000,000.

Would you change?

The postoffice receipts during the Roosevelt administration was \$162,000,000 and they jumped to \$214,000,000 during the three years following the ascendency of Mr. Taft to the presidential chair.

Forgetting the fine language, the oratory, rorgetting the nne ranguage, the oration, the high-sounding phrases of politicians who seek a change for their own benefit, ask yourself the question, "Would a CHANGE benefit ME?"

and the farmer receiving higher prices, but by producing FACTS and FIGURES.

Investigate conditions in Michigan. Compare the state's welfare now with its position in 1894 under Democratic rule.

In 1894 there were 2,325 factories in the state, employing 68,591 males and 11.

787 females. Now there are 9,456 factories in operation, employing 303,524 farm products. Fewer of you are getting that the prices than ever before for your males and 52,777 females. tories in operation, employing 303,324 arm products. Pewer of you have not been also and 52,777 females.

This is a total of OVER A QUAR. Some of you have just pulled off that TER MILLION MORE people actually momentument the belier of your wife and chilemployed in Michigan now than in 1894.

REPUBLICAN STATE! CENTRAL COMMITTEE.

A. J. Groesbeck, Chairman.

CORN BUYS MORE **GROCERIES NOW**

Farmers Don't Fear High Cost of Living.

Purchasing Power Doubled

Under Low Tariff of 1896 Ten Bush els Corn Bought Half the Coffee, Salt, Sugar, Gingham, Shirting, Wire, Brick or Cement That it Will Buy Under Protective Tariff of Republican Party.

The farmer should be the last man hr Michigan to talk about the high cest of living. Surpose prices of the necessities of life are a trifle high? Are you not in possession of more buying-power now than you were in 1896 under low tariff? Suppose you raised 10 bushels of corn in 1896 and the same amount in 1911. Compare your own welfare of then and

now. Read the following figures taken from the Saginaw Courler-Herald:
Ten hushels of corn equaled in value 45 pounds of Rio coffee in December, 1911, and 23 pounds in December, 1986.
Ten bushels of, corn equaled in value 123 pounds of Rio coffee in December, 1986.
Ten bushels of corn equaled in value 223 pounds of granulated sugar in December, 1911, and 4 barrelssin December, 1996.
Ten bushels of corn equaled in value 223 pounds of granulated sugar in December, 1911, and 56 pounds in December, 1911, and 48 pards in December, 1986.
Ten bushels of corn equaled in valued 110 yards of Amoskeas ging ham in December, 1991, and 48 yards in December, 1986.
Ten bushels of corn equaled 25 yards, of Fruit, of the Loom shirtings in December, 1911, and 24 varafa

SNAP SHOT VIEWS

"Pat" Kelley hit the nall on the head when he stated at the state-convention that the voter had two opportunities this year of defeating the Republican party, and placing the Democratic party in the ascendancy viz: voting for that party or voting for the Progressive party.—Manistique Pioneer-Tribune.

President Taft's administration have been remarkably effective in advanc-ing the welfare of farmers and all workers. Not in many years have the

A BIG PIANO DEAL

The Famous Knabe Piano to be Handled by Grinnell Bros. the Largest Dealers in the Country

After a visit made in Detroit by Charles Keidel, president of Wm. Knabe & Co., the statement was made that he placed the agency fo the Knabe with Grinnell Bros.

The Knabe has been homeles in Michigan since the failure of the old F J. Schwankovsky Co., formerly state agents here. For a year or more rumors here about the Knabe have been discussed. summer, it is said, negotiations were pending with one of the large department stores for the agency. A number of other proposition and applications for the Knabe agency. A number of other propositions and applications for Knabe agency were looked for, but nothing satisfactory was found. Grinnell Bros. were reluctant to

talk of the deal which added the her goitre. Another tells us that Knabe to their line of Steinway, one month's treatment completely Music correspondent learned that the Knabe people had canvassed the state thoroughly, making note of the stores in the leading cities outside of Detroit, which could handle such a line properly, estimating how many they would order in a year and how near they would come to paying cash, and when they had laggreen. whole they found that Grinnell Bros. could handle so much more than other houses that they decided the Grinnells were the logical you.

Through the recent incorporation Grinnell Bros. have ample funds and are able to pay spot cash and get lowest prices. An order for twenty-seven pianos, which would be considered a large one for almost any firm, mean only one prano for each of the twenty-seven Ginnell stores Therefore, orders for more than wenty-seven from Grinnell Bros. are by no means an unusual thing. With those thing in mind there was butjone advantageous thing to do.
The Grinnell branch stores ar

n cities of from 20,000 to 40,000 population, and are all well kept well stocked and well manned with facilities for the most digni-fied handling of pianos. The com pany has experts everywhere, in showing, selling, collection, tuning and even in delivery, enabling them to do the best possible for the

The closing of the deal was a Grinnell Bros. are glad to get the Their business increases substantially every year, and with this increase comes varying tastes in patronage demanding varying styles and tones of pianos, thus making a larger line of high grade instruments desirable.

The history of the house of Grinnell is unique in many features, but in none is it more marked than in the fact that while it is very slow in taking up additional representations, yet the main houses it repre sents today are those for whom it has been exclusive Michigan repesentatives for from 18 to 30 years. In by gone days the state of Michigan was regarded as ou of the most prosperous Knabe sec while there have been but few of them sold in Detroit during the the past five years, it is expected that with the natural facilities for the output of the company, a good many Knabe pianos will be placed during the next few years is Michigan.

It is understood that it is not the intention of Grinnell Bros. to discontinue any of the agencies this house has so long been associated with, nor do they feel that in securing the Knabe it will cause then to sell any fewer of the several other makers they represent. At the same time, with their rapidly growing and expanding business, they feel that this will obtain add-

ed amount of business at a very little effort, which will naturally materially increase the profit showing of this already prosperous

Goitre Now Curable

Reliable Treatment Found by Eminent Doctor-You Can Test It Free

It seems absolutely certain that at last there has been found an ef-fective remedy for Goitre—the unsightly and disgusting tumors that disfigure the neck and strength and vitality of otherwise healthy and attractive men and women.

Some years ago Dr. W. T. Bobo of Battle Creek, Mich., discovered what he believed to be a successful treatment for Goitre. This belief was strengthened by the fact that hundreds of sufferers stated that they were permanently cured in a few weeks by this remarkable remedy.

One grateful woman writes that Dr. Bobo's sample treatment cured

this effective Goitre remedy to prove what it can accomplish for
