Services of special interest and attractiveness are being planned for the Methodist Church on Sunday next. The evening hour at 7:30 will be especially inviting and novel. A well-known quartette of trumpeters from Highland Park will furnish music for this service. These trumpeters will appear in robes and bring their own accompanist. The motion picture equipment will be used and present a most beautiful scenic and reverential film entitled "The Shepherd and Psalm." A twilight song from the screen is to also add enjoyment to the congregation.

The Boy Scouts together with their leaders and counselors are to be the guests of the church on Sunday morning—this being the day throughout the Scout organization recognized as "Go-To-Church Sunday." Dr. Leeson will preach a sermon dedicated to Scouting on "Packs."

Those interested in joining a troop or furthering the movement in Farmington are especially invited.
The Father and Daughter banquet will be held Friday evening, the evening of St. Valentine's Day. It is desired that "Father and Daughter" will not be interpreted too strictly. Daughters and fathers unaccompanied will be welcome. Tickets must be reserved by Wednesday evening. A fine program and banquet is prepared.

M. E. SUNDAY SCHOOL NOTES

The Methodist Sunday School enjoyed a very interesting feature last Sunday in having Mrs. Edith Greenman read the Golden Texts she had marked in the little booklets of the Gospel of Matthew, during her chapter a January. Each member of the day reading for the month of the school was presented with a copy of this little booklet by the Golden Key Class about the first of the year, with the request that each one read a chapter a day and mark what they considered the Golden Text.

Loyalty was discussed in connection with our lesson last Sunday. Let's be loyal to the Sunday School by being there every Sunday.

CHEVROLET TO SELL MORE CARS THIS MONTH THAN IN JANUARY, '29

Chevrolet will sell more cars, this month than in January a year ago, according to H. J. Klingler, general sales manager of the Chevrolet Motor Company, who announced on Saturday that the month's schedule had to be increased in response to the greatest reception a new Chevrolet model has received in the nineteen-year history of Chevrolet. He likes everything other boys like, and dislikes what they dislike. He plays as they do, hopes as they do—and thinks as they do and yet he is different, because unlike most boys, he KEEPS a diary, whereas most of them only start them. And "Slats Diary" is one of the most enjoyable things we have read in a long time.

The step-up in the schedule resulted directly from the number of orders taken rather than upon an estimate of the month's requirements. "Our policy for some time," Mr. Klingler explained, "has been to key our production facilities to the anticipated needs of our sales organization so that dealers might not become overstocked. But so many dealers have asked to have their quotas increased that our output for the month will now exceed the figure for last January." Chevrolet cars are sold in this territory by Farmington Motor Sales.

257 Thrifty Babies

Have Had Savings Accounts

started for them by this Bank during the past five years

The Plan is simple, indeed: If you live within the Farmington trading area and a child is born to you during 1930, come in and give us the youngster's name and we will open an account for the child with \$1.00. Parents may add any amount they desire at any time, but we do the starting. YOU DO NOT NEED TO BE A PATRON OF THIS BANK, BUT YOU MUST LIVE WITHIN THE FARMINGTON TRADING RADIUS.

\$1.00 a week saved until your child is 21 will send your child to college for 2 years

\$2.00 a week saved until your child is 21 will pay for a 4-year college course

\$5.00 a week saved until your child is 21 will start your child out in life with a considerable fortune of his or her own.

Something About "SLATS"

"SLATS" is a real boy, and yet a very uncommon boy. He likes everything other boys like, and dislikes what they dislike. He plays as they do, hopes as they do—and thinks as they do and yet he is different, because unlike most boys, he KEEPS a diary, whereas most of them only start them. And "Slats Diary" is one of the most enjoyable things we have read in a long time.

We have enjoyed it so much that we decided our readers would like it, too. So we've arranged to obtain "Slats' Diary" for publication in the Enterprise. It starts this week. If you want to see the world as it looks through the eyes of an observant boy—if you want to forget your troubles at least once a week, start reading "Slats' Diary" in this issue of the Enterprise. We know you won't miss it after the first issue. It's on page 2.
