Service

It has always been our belief that a sale does not complete the transaction between us and the buyer, but establishes a new obligation on us to see that the car gives good service. Our mechanics, therefore, have been trained and equipped to take care of the needs of the Ford in an economical and improved manner.

In addition, every purchaser of a Ford car is given a Special Free Inspection Service by us at 500, 1000 and at 1500 miles. This includes chassis lubrication and a check-up of the ignition system, carburetor, battery, generator charging rate, lights, brakes, shock absorbers and tires. The only charge is for new oil. After the first 1500 miles, this same inspection and lubrication service is available at a moderate cost.
